## **The Promise Of Bultmann:**

The promise of Bultmann Norman Perrin, 1979      The promise of Bultmann-the promise of theology series , 1969      **The True Human Being** Maria Louise Odgaard Møller, 2019-06-17 The aim of Odgaard Møller's book is threefold The first main section seeks to clarify how and why Jesus is presented in the pre 1968 writings of the Danish theologian and philosopher K E Løgstrup 1905 1981 Throughout his work Løgstrup's main focus has been a rehabilitation of the insight that life is something definite because it is created Here Jesus primarily plays a methodological strategic role as the one confirming and giving witness to Løgstrup's interpretation of created life in a given time of his authorship When faith in creation is formulated polemically against another interpretation of life Jesus serves as Løgstrup's ally in this discussion In the second main section this examination is extrapolated to include a discussion with Bultmann and two of his students in order to clarify the character of his Christology not least whether or in what way this can be characterised as implicit Christology Finally in the light of Ricoeur's hermeneutic philosophy of religion the third main section considers the systematic theological validity of this picture of Jesus The overall conclusion can be summed up in this way The main line in Løgstrup's work goes from created life to the human being Jesus of Nazareth Jesus incarnates created life therefore he is the true human being This close connection between created Life and true Human Being is the kernel in Løgstrup's thought This makes his perception of Jesus and his Christology distinctive original and specifically Løgstrupian      **Character and the Christian Life** Stanley Hauerwas, 2017-04-15 Some fourteen years after its initial publication this important and influential book with a new substantial and candid introduction by the author is available in a reasonably priced paperback edition In this volume Hauerwas assesses recent interest in the ethics of character and suggests areas in his own work that now call for some corrective and or further work      **Mapping Metaphorical Discourse in the Fourth Gospel** Beth M. Stovell, 2012-06-07 In *Mapping Metaphorical Discourse in the Fourth Gospel* Beth M Stovell examines the metaphor of Jesus as king throughout the Fourth Gospel using an interdisciplinary metaphor theory incorporating cognitive and systemic functional linguistic approaches with literary approaches Stovell argues that the theme of Jesus as king provides one of the unifying themes of John's overall message Examining the place of the Old Testament metaphors of Messiah eternal life life of the age shepherd and exaltation in the conceptual metaphorical network of John's Gospel Stovell asserts that John's Gospel describes the just character of Jesus kingship the subversion of power implicit in his crucified form of kingship and the necessity of response to Jesus as king and his reign      **Norman Perrin's Interpretation of the New Testament** Calvin R. Mercer, 1986      *The Routledge Encyclopedia of the Historical Jesus* Craig Evans, 2014-01-14 This Encyclopedia brings together the vast array of historical research into the reality of the man the teachings the acts and the events ascribed to him that have served as the foundational story of one of the world's central religions This kind of historiography is not biography The historical study of the Jesus stories and the transmission of these stories through time have been of seminal importance to historians of religion

Critical historical examination has provided a way for scholars of Christianity for centuries to analyze the roots of legend and religion in a way that allows scholars an escape from the confines of dogma belief and theological interpretation In recent years historical Jesus studies have opened up important discussions concerning anti-Semitism and early Christianity and the political and ideological filtering of the Jesus story of early Christianity through the Roman empire and beyond Entries will cover the classical studies that initiated the new historiography the theoretical discussions about authenticating the historical record the examination of sources that have led to the western understanding of Jesus teachings and disseminated myth of the events concerning Jesus birth and death Subject areas include the history of the historical study of the New Testament major contributors and their works theoretical issues and concepts methodologies and criteria historical genres and rhetorical styles in the story of Jesus historical and rhetorical context of martyrdom and messianism historical teachings of Jesus teachings within historical context of ethics titles of Jesus historical events in the life of Jesus historical figures in the life of Jesus historical use of Biblical figures referenced in the Gospels places and regions institutions the history of the New Testament within the culture politics and law of the Roman Empire

**Christology and a Modern Pilgrimage** Norman Perrin, 1974

**Our God Loves Justice** W. Travis McMaken, 2017-11-01 Helmut Gollwitzer was a direct heir of the theological legacy of the great Protestant theologian Karl Barth More than any of Barth's other interpreters Gollwitzer embraced and extended the sociopolitical impulses and implications within Barth's theology In this Gollwitzer embodies a salient and necessary alternative in the American context of increasingly intertwined theological and political discourses This volume the first book length study of Gollwitzer available in English provides a helpful introduction to the life theology and political thought of this crucial theologian and public intellectual

[The Cross-and-Resurrection](#) Deolito V. Vistar Jr., 2020-01-17 Deolito V Vistar Jr argues that Jesus signs in the Fourth Gospel do not simply refer to the eight major miracles recounted in the Gospel but also include deeds that are non-miraculous In the context of this broad reference the author argues that the cross and resurrection is the supreme sign of all back cover

**Rudolf Bultmann's Theology** Robert Campbell Roberts, 1976 The name of Rudolf Bultmann would feature prominently on any list of the influential figures in twentieth century theology even if such a list were compiled by someone disagreeing radically with most of his conclusions Without a doubt Robert C Roberts asserts part of the reason for Bultmann's overwhelming influence is the underlying consistency of his work There is an extraordinary systematic unity to Bultmann's theological and philosophical writings With that in view Robert seeks in this penetrating new study to explore that thought as a whole The metaphysical terrain on which the structure of Bultmann's theology is built is the division of reality into world and existence If such a reading of human existence seems a bit far afield from what an ordinary reading of the New Testament yields it is because Bultmann would contend the first century authors and readers clung to a mythological worldview we can no longer accept Bultmann expends considerable hermeneutical ingenuity in the effort to demonstrate that his understanding is in fact what the New Testament

really means Robert scrutinizes Bultmann's detailed treatment of theological problems and doctrines the heart of this analysis being a critical look at his views on science and mythology language and meaning understanding and exegesis Three final chapters address specific theological topics God ethics and faith Publisher **The New Testament, an Introduction** Norman Perrin, Dennis C. Duling, Robert L. Ferm, 1982 *The Evangelical Faith* Helmut Thielicke, 1974 **Jesus and the Language of the Kingdom** Norman Perrin, 1976 An excellent discussion of the Kingdom of God the parables of Jesus and New Testament hermeneutics The author develops the interrelatedness of these themes discussing their treatment by the leading New Testament critics He then moves to more recent treatments analyzing the various interpretations objectively pointing out the strengths and weaknesses of each Back cover **Monastic Studies**, 1969 The Book Buyer's Guide, 1969 **Toward a Homiletical Theology of Promise** David Schnasa Jacobsen, 2018-04-17 Promise has a long pedigree in the history of Christian understandings of the gospel This volume gathers together leading homileticians to consider the breadth of its understanding today in light of the struggle to reconcile God's grace with God's justice Assuming that promise is a core sense of the gospel how does this relate to the variety of contexts in which homiletical theology is done In this final volume in the series six homileticians from a variety of contexts and perspectives try to move specifically toward a homiletical theology of promise as a way to articulate the central theological gift and task that is preaching the gospel today **Foundations**, 1970 *A Short History of Christian Thought* Linwood Urban, 1995 The new edition has been enlarged by the addition of chapters on the Sacraments and on the Church and the ministry Pref Includes bibliographical references and index *Critical Issues in Modern Religion* Roger A. Johnson, 1990 An in depth interdisciplinary exploration of contemporary religion and its issues Covers materials fully by using self contained chapters and sections that are relatively independent of each other It also reflects on the many new developments in religion with several complete chapter rewrites For anyone interested in Modern Religion
