Bismarck once said I do not want any colonies at all Their only use is to provide sinecures That is all England at present gets out of her colonies and Spain too And as for us Gennans colonies would be exactly like the silks and sables of the Polish nobleman who had no shirt to wear under them 1 It may be debated whether Bismarck was right or wrong but the subsequent course of history e g the Anglo French rivalry in Egypt the Sino Japanese war of 1894 1895 the Spa nish American war of 1898 the Boer war of 1899 1902 the Russo Japanese war of 1904 1905 the Morocco crisis of 1906 the Turco Italian war of 1911 showed that the colonial territories which were often treated as pawns in the diplomatic game for power prestige and markets were potential causes of war 2 The chief cause of modern wars if Hobson s analysis is accepted is the competitive struggle of modern nations for economic privileges of one kind or another for powerful financial and trading groups of their 3 nationals The keen desire of the Colonial Powers to acquire new mar kets and sources of raw materials by diplomatic pressure or force have been according to him the chief directing influences in foreign policy the chief causes of competing armaments and the pennant under lying menaces to peace      *The United States in World War I* James T.
