## **Thief Among Statues:**

*Honor Among Thieves* Philip Venticinque, 2016-11-28 *Honor Among Thieves* examines associations of craftsmen in the framework of ancient economics and transaction costs. Scholars have long viewed such associations primarily as social or religious groups that provided mutual support, proper burial, and sociability and spaces where nonelite individuals could seek status supposedly denied them in their contemporary society. However, the analysis presented here concentrates on how craftsmen, merchants, and associations interacted with each other and with elite and nonelite constituencies, managed economic, political, social, and legal activities, represented their concerns to the authorities, and acquired and used social capital. A new and important view of these economic engines. Philip F. Venticinque offers a study of associations from a social, economic, and legal point of view and in the process examines how they helped their members overcome high transaction costs, the costs of doing business through the development of social capital. He explores associations from the bottom up in order to see how their members create status and reputation outside of an elite framework. He thus explores how occupations regarded as thieves in elite ideology create their own systems of honor. *Honor Among Thieves* will be of interest to scholars of the ancient economy of social groups and Roman Egypt in all periods. **Forgers and Thieves** Noah Charney, 2024-09-23 This book is the latest on art crime by the founder of ARCA. Noah Charney, PhD, widely considered the world's leading authority on the history of art crime. **Caravansary** JS Venit, 2018-12-21 I am trying to balance silence with alarm on behalf of the subliminal because a sign is positively expressed even if the tree in which it hangs seems distant. Time corners a defiant Faust in the rural aquarium, encircles Proust with catalpas in the dust of another garden, the tapestry streams from the loom to keep the nervous suitors at bay, coasts moan silver roars in the quilted season of its own undoing before I hand you a meaningful exemplar of love and Spring. In the sky, substitution is absolute, its odyssey infinite, but we still have to relinquish, well, maybe a few children in expensive suits alone on the shore, patiently waiting for the ephemeral. **Canadian Children's Literature**, 1997 [Ji'an Literati and the Local in Song-Yuan-Ming China](#) Anne Gerritsen, 2007-05-15 Drawing on largely local sources, including local gazetteers and literati inscriptions for religious sites, this book offers a comprehensive examination of what it means to be local during the Southern Song, Yuan, and Ming dynasties in Ji'an prefecture, Jiangxi. It argues that belonging locally was important to Ji'an literati throughout this period. How they achieved that, however, changed significantly. Southern Song and Yuan literati wrote about religious sites from within their local communities, but their early Ming counterparts wrote about local temples from their posts at the capital, seeking to transform local sites from a distance. By the late Ming, temples had been superseded by other sites of local activism, including community compacts, lineage prefaces, and community covenants. **Corporeality in Early Cinema** Marina Dahlquist, Doron Galili, Jan Olsson, Valentine Robert, 2018-10-16 *Corporeality in Early Cinema* inspires a heightened awareness of the ways in which early film culture and screen praxes overall are inherently embodied.
