

A person stands in silhouette in a dark field, looking towards a bright sunset. In the distance, a city skyline is visible against the glowing sky. The overall mood is contemplative and serene.

To find yourself, think  
for yourself.

Socrates

# Think For Yourself

**L Manion**

## Think For Yourself:

Why It's OK Not to Think for Yourself Jonathan Matheson, 2023-09-29 We tend to applaud those who think for themselves the ever curious student for example or the grownup who does their own research Even as we re applauding however we ourselves often don t think for ourselves This book argues that s completely OK In fact it s often best just to take other folks word for it allowing them to do the hard work of gathering and evaluating the relevant evidence In making this argument philosopher Jonathan Matheson shows how expert testimony and the wisdom of crowds are tested and provides convincing ideas that make it rational to believe something simply because other people believe it Matheson then takes on philosophy s best arguments against his thesis including the idea that non self thinkers are free riding on the work of others Socrates claim that the unexamined life isn t worth living and that outsourcing your intellectual labor makes you vulnerable to errors and manipulation Matheson shows how these claims and others ultimately fail and that when it comes to thinking we often need not be sheepish about being sheep Key Features Discusses the idea of not thinking for yourself in the context of contemporary issues like climate change and vaccinations Engages in numerous contemporary debates in social epistemology Examines what can be valuable about thinking for yourself and argues that these are insufficient to require you to do so Outlines the key practical takeaways from the argument in an epilogue
