Pinkerton read voraciously and was largely self-educated. A cooper by trade, Pinkerton was active in the British Chartist movement as a young man. He secretly married Joan Carfrae, a singer in Glasgow, on 13 March 1842. Pinkerton emigrated to the United States in 1842. In 1843, Pinkerton heard of Dundee Township, Illinois, fifty miles northwest of Chicago, on the Fox River. dangerous situations Sometimes they are trying to solve crimes without any leads Sometimes they walk in on situations where someone is in danger For Detectives Tony Case and Vinny Miles things are not that different Despite being veteran detectives they find themselves in situations where they need an extra hand This became all too obvious when they were assigned a case about a man who was murdered The two detectives faced many challenges There was not very much to start off with In addition to that they were up against a criminal who was willing to kill and wanted to catch the perpetrator before the individual could victimize someone else They found themselves in situations where they had to make split second decisions Furthermore they ended up in life and death situations on multiple occasions such as a shoot out and a high speed car chase They found several suspects but would any of the suspects turn out to be the person responsible If so which suspect was the killer Could there be more than one person involved Could they apprehend this person before the individual struck again Would a tip from a Good Samaritan be enough to catch the person responsible How many times would Detective Case and Detective Miles end up back at square one Would a relative of Detective Case inadvertently help solve the crime Case Closed The Rare Murder is full of suspense action teamwork and occasionally a smart aleck remark by Detective Miles
