Reading in the Digital Age: Young Children's Experiences with E-books Ji Eun Kim, Brenna

Hassinger-Das, 2019-07-23 This edited book focuses on affordances and limitations of e books for early language and literacy features and design of e books for early language and literacy print versus e books in early language and literacy development and uses of and guidelines for how to use e books in school and home literacy practices Uniquely this book includes critical reviews of diverse aspects of e books e.g features and e book uses e.g independent reading for early literacy as well as multiple examinations of e books in home and school contexts using a variety of research methods and or theoretical frames The studies of children's engagement with diverse types of e books in different social contexts provide readers with a contemporary and comprehensive understanding of this topic Research has demonstrated that ever increasing numbers of children use digital devices as part of their daily routine Yet despite children's frequent use of e books from an early age there is a limited understanding regarding how those e books are actually being used at home and school As more e books become available it is important to examine the educational benefits and limitations of different types of e books for children So far studies on the topic have presented inconsistent findings regarding potential benefits and limitations of e books for early literacy activities e.g independent reading shared reading The studies in this book aim to fill such gaps in the literature

Technology as a Support for Literacy Achievements for Children at Risk Adina Shamir, Ofra

Korat, 2012-11-29 Presenting cutting edge studies from various countries into the theoretical and practical issues surrounding the literacy acquisition of at risk children this volume focuses specifically on the utility of technology in supporting and advancing literacy among the relevant populations These include a range of at risk groups such as those with learning disabilities low socioeconomic status and minority ethnicity Arguing that literacy is a key requirement for integration into any modern society the book outlines new ways in which educators and researchers can overcome the difficulties faced by children in these at risk groups It also reflects the rapid development of technology in this field which in turn necessitates the accumulation of fresh research evidence
