The English National Opera Guides were originally conceived in partnership with the English National Opera and edited by Nicholas John, the ENO's dramaturg who died tragically in an accident in the Alps. Most of the guides are devoted to a single opera which is described in detail with many articles that cover its history and information about the composer and his times. The complete libretto is included in both the original language and in a modern singing translation, except where the opera was written in English. Each has a thematic guide to the most important musical themes in musical notation and each guide is lavishly illustrated. They also contain a bibliography and a discography which is updated at each reprint. The ENO guides are widely regarded as the best series of their kind and excellent value.

The Art-Work of the Future Richard Wagner, William Ashton Ellis, 2008-10

Wilhelm Richard Wagner (1813-1883) was a German composer, conductor, music theorist, and essayist, primarily known for his operas, later called music dramas. Wagner's musical style is often considered the epitome of classical music's Romantic period due to its unprecedented exploration of emotional expression. He transformed musical thought through his idea of *Gesamtkunstwerk* (total artwork), the synthesis of all the poetic, visual, musical, and dramatic arts, epitomized by his monumental four-opera cycle *The Ring of the Niebelung* (1876). Wagner even went so far as to build his own opera house to try to stage these works as he had imagined them. His literary friendship with Franz Liszt led to a long-lived correspondence, later compiled in the two

volumes of Correspondence of Wagner and Liszt 1889 a book that was attributed to both musicians Among his other famous works are Tristan and Isolde which broke important new musical ground My Life in two volumes 1880 and The Flying Dutchman *The Operas of Wagner* J Cuthbert (James Cuthbert) Hadden, Byam 1872-1919 Shaw, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Faber Pocket Guide to Wagner** Michael Tanner, 2010-05-06 Richard Wagner remains almost 130 years after his death the most controversial composer in the history of music Creator of huge and hugely ambitious operas which have an immense immediate impact as well as providing food for endless thought and discussion Wagner has had an influence on many fields outside music In this lively pocket guide Michael Tanner gives concise accounts of all his operas the likes of Parsifal Lohengrin and Tristan und Isolde showing how important it is to grasp the dramatic situations at every point and indicating some of the key musical features He also provides an outline of Wagner's astonishing life and shows that he has often been unfairly criticised and made a scapegoat especially for political events which took place long after his death Key features include Wagner his life year by year Wagner his music work by work Things people said about Wagner Essential Wagner ten great moments Wagner on CD and DVD Wagner bibliography This indispensable Faber Pocket Guide provides a wealth of insights into Wagner and is essential reading for anyone with an interest in both the man and his music Probably the best introduction ever written to this most complex of composers Simon Heffer Telegraph
