## **Window To Eternity:**

A Window on Eternity Jess Gjerstad,2024-08-26 Is this life all that there is or there an existence after our natural life on earth is finished Within the heart of every person is the desire for eternal glory comfort and joy God has put eternity in the hearts of every man woman and child but who can truly grasp this What does the Bible say on this subject How does the Bible s description of eternity impact our lives today In this book author Jess Gjerstad gives a concise introduction to what the Bible says about eternity A Window to Eternity ,1985 **A Window in Eternity** Anderson Christeen L.,2001-05-01

**The Light in the Dark** PJ McAdams,2020-07-08 In the fast moving pace of the world in which we now live oftentimes we find ourselves overwhelmed with troubles trials sorrow and grief A feeling of desperation to overcome these situations can lead us in the wrong direction We all have experienced or seen that the world can be a cold cruel place and if we are trying to make it on our own we are destined to fail The Light in the Dark is a heartfelt soul wrenching collection of poetry filled with hope love a promise for eternity sublime and the poignancy of the pain and detrimental effects that can be inflicted by society These poems touch on a vast array of emotions situations and environmental conditions that can easily influence lives and their outcomes Some are based on personal experiences some on personal observations Each poem while bringing to point the harsh dark realities we are all faced with consistently brings to light the answer for all our conflicts and turmoil all our debilitating pain grief and sorrow all our struggles and battles all our triumphs and failures yes all our needs Indeed the answer to all things is Jesus Christ our Lord the Conqueror of conflict counselor of confusion Creator of all things the Prince of Peace the way maker regardless of your situation *The Angel in Annunciation and Synchronicity* Tammy L. Montgomery,2013-02-21 Fear grips those who doubt that their existence has meaning and the prevailing notion that humans are situated on a dot in the middle of a dark cold universe leaves people shivering in cosmic insignificance Many would argue that science and technology have separated individuals from God while others would say that people have lost their faith and some would assert that God is dead Many simply do not know what to believe Today s self help industry is a testament to the search for meaning in an age of uncertainty and faltering religious structures The truth is that technology and science now answer many of the questions that used to be left to God This development has confounded people s ability to integrate what is known today with what was once thought The disparity between past and present beliefs may be observed in the concept of the angel There are many who claim that any lingering belief in angels is merely the residue of imaginary or wishful thinking and there are others who hold that angels wings halos and harps literally exist How is one to reconcile such contradictory beliefs C G Jung s theory of synchronicity meaningful coincidence provides a vehicle for the exploration and possible reconciliation of such questions Rather than echoing the skeptic who says angels cannot exist or the religious enthusiast who affirms their immanence one might reframe the entire discussion Like the biblical concept of annunciation in which an angel delivers a heavenly message to an earthly individual synchronicity defines the moment at which the eternal

touches the temporal *At Eternity's Shore* Richard Murray,1912 *Eternity's End* Jeffrey A. Granger Seminary,Genevieve Potter,1965 The Fear of the Lord John Bevere,2006 Author Bevere exposes Christians need to fear God He challenges readers to reverence God anew in worship and daily life He shows how the fear of the Lord is the key to knowing God as He yearns to be known **Beneath the Mask** Christopher F. Monte,1991 Beneath the Mask presents classical theories of human nature while emphasizing the theorist s progression of ideas The eighth edition continues to discuss the ideas of personality theorists developmentally This account of personality theory incorporates the personal origins of ideas to highlight the links between the psychology of each theorist and that theorist s own psychology of persons It also explores how the personal histories conflicts and intentions of the theorist entered that thinker s portrait of people The Griot ,1990 *The City-road Magazine, for ...* ,1871 The Pacific ,1915 **The Vermonter** ,1916 Parapsychology and Human Nature Parapsychology Foundation. International Conference,1989 **Journal of the Outdoor Life** ,1928 **Window to Eternity** Edgar L. Biamonte,2012-05-03 Window to Eternity theorizes that the material world is our learning plane that is a stage as Shakespeare maintains Nor is physical life meaningless as agnostics atheists and many sufferers oft en contend Were it so our Creator would be stupid for having created us which contradicts the incredible clock running universe the spiritual world heaven and life that It created Religions odd philosophies superstitions fearful notions and so on have clouded mans understanding about our purpose here not our Creator Simply put God gives us the opportunity to utilize objects things so we can learn how to be generous and loving not greedy revengeful and cruel which we cannot learn or reject in a spiritual domain lacking anything tangible Although many believe or have faith that God answers prayers and interferes in our lives were this true It would have long since stopped wars famines and disasters et cetera most of which we have caused Nor does this mean that we cannot receive help from great souls like Jesus as this author discusses Though God has given us free choice It created us fallible Therefore judging punishing and sending some of

us to hell a concept which we concocted not God for so called sins while saving favorites during Armageddon would be injustice sublime Besides whisking favorites away while leaving most of us behind to suffer catastrophic pain and anguish would be the epitome of immorality worse than what civilizations worst dictators wreaked upon us The Supreme Intelligence is obviously loving or nothing would exist Beliefs that suggest otherwise are irreverent Window to Eternity evaluates that we are mostly in tune with the physical part of ourselves not the spiritual namely the soul though it lives forever after entering the next world Furthermore although we depend on parents to raise us employers to provide jobs so we can eat and so on there our souls are free to group with morally and spiritually compatible others Despite the glitter gadgets and toys for young and old our challenge in a mostly capitalistic world is to strive to be much more loving than we are which is a positive energy force we must take to the next dimension in order to prevent negative souls from overruling it which would cause its collapse including the Creator our world and us The Christian Leader ,1926 Journal of the Society of Arts ,1898
