## **Solomons Wisdom:**

Bible Story General Council of the Evangelical Lutheran Church in North America,1912     *The Solomon Narratives in the Context of the Hebrew Bible* Sean E. Cook,2017-06-29 This book is concerned with ascertaining the value of having two versions of the same monarchic history of Israel within the Hebrew Bible focusing on the books of Kings and Chronicles It is furthermore concerned with how the book of Chronicles is read in relation to the book of Kings as Chronicles is so often considered to be a later rewritten text drawing upon an earlier version of the Masoretic Text of Samuel and Kings The predominant scholarly approach to reading the book of Chronicles is to read it in light of how the Chronicler emended his source texts additions omissions harmonizations This approach has yielded great success in our understanding of the Chronicler s theology and rhetoric However Cook asserts it has also failed to consider how the book of Chronicles can be read as an autonomous and coherent document That is a diachronic approach to reading Chronicles sometimes misses the theological and rhetorical features of the text in its final form This book shows the great benefit of reading these narratives as autonomous and coherent by using the Solomon narratives as a case study These narratives are first read individually and then together so as to ascertain their uniqueness vis vis one another Finally Cook addresses questions related to the concordance of these narratives as well as their purposes within their respective larger literary contexts     *First and Second Kings* Terence E. Fretheim,1999-01-01 Old Testament scholar Terence Fretheim identifies the theology in the dramatic accounts of the books of Kings which chronicles the reigns of more than forty kings over a period of nearly four hundred years Interspersing theological reflections throughout Fretheim trace s God s words of judgement and promise for Israel and for us accross the entirety of Kings Books in the Westminster Bible Companion series assist laity in their study of the Bible as a guide to Christian faith and practice Each volume explains the biblical book in its original historical context and explores its significance for faithful living today These books are ideal for individual study and for Bible study classes and groups
