Ellis, 1912 *Armada* Ernest Cline, 2015-07-14 From the author of Ready Player One a rollicking alien invasion thriller that embraces and subverts science fiction conventions as only Ernest Cline could Zack Lightman has never much cared for reality He vastly prefers the countless science fiction movies books and videogames he s spent his life consuming And too often he catches himself wishing that some fantastic impossible world altering event could arrive to whisk him off on a grand spacefaring adventure So when he sees the flying saucer he s sure his years of escapism have finally tipped over into

madness Especially because the alien ship he s staring at is straight out of his favorite videogame a flight simulator called Armada in which gamers just happen to be protecting Earth from alien invaders As impossible as it seems what Zack s seeing is all too real And it s just the first in a blur of revlations that will force him to question everything he thought he knew about Earth s history its future even his own life and to play the hero for real with humanity s life in the balance But even through the terror and exhilaration he can t help thinking Doesn t something about this scenario feel a little bit like well fiction At once reinventing and paying homage to science fiction classics as only Ernest Cline can Armada is a rollicking surprising thriller a coming of age adventure and an alien invasion tale like nothing you ve ever read before
