Griggs,2015-04-22 In the long ago when the earth was in process of formation it must have been that those forces of nature most expert in the fashioning of the beautiful were ordered to come together as collaborators and give to the world Almaville Journeying toward the designated spot they halted on the outskirts of the site of the contemplated city and tossed up a series of engirdling hills whose slopes and crests covered with verdure might afford in the days to come a beautiful sight to the inhabitants when riding forth to get a whiff of country air These same forces of nature evidently in love with their work arranged it seems for all the beautiful clouds with their varying hues to pass in daily review over the head of the city to be born
