**The Hitman's War** Allan Juhl Petersen,2026-03-04 Ulf Bjornsson is entirely human again His body hurts he bleeds easily and his emotions are a chaotic overwhelming mess Stripped of his cosmic defenses and having walked away from the woman who betrayed him to save his soul Ulf retreats to the only life he understands the mud and blood of human warfare Taking a contract in the middle of a vicious Norwegian succession war Ulf throws himself into the shield wall to drown out his heartbreak But the cosmic noise of his severance has drawn a pack of elite Pale Assassins to the fjords Trapped in a besieged coastal fortress Ulf must rely purely on his grit his nameless sword and the silent unseen help of a V lva who refuses to let him die *The Hitman's Masquerade* Alexis Abbott,2017-09-29 I might be a killer but I ll risk my life to save her Sonya s supposed to be celebrating A Halloween party to bring together all her friends and the biggest names in New York City before she departs overseas to tour with a prestigious ballet company But the problem is that her guest list also contains some of the most dangerous men in the city And at a costume party no one is really who they say they are That s why I m here To protect her It s not just business or Andrei Petrov s orders Sonya is gorgeous talented and with the kindest eyes I ve ever seen I don t deserve a girl like that Never have and never will Someone wants her dead I just want her Tonight only one of us will get our wish This is a short Halloween story set in Alexis Abbott s Hitmen world Search Terms romantic suspense mafia romance alpha male romance bad boy romance alpha male dark romance captive romance age difference antihero romance series romance forbidden romance **The Hitman Cometh** Robert Joseph Ray,1989-10-02 A professional hitman has set his sights on a TV evangelist but wounds Detective Branko s partner instead Branko has a list of suspects that is as bizarre as it is long including the preacher s fanatical wife a lesbian killer for hire a Spyglass Hill widow and a millionaire mercenary who takes his Uzi to bed Martin s *California. Moenssens,2008 The 2008 eighth edition of Cases and Comments on Criminal Law continues the format of subject matter structure that was introduced several editions before and has proven successful and eminently workable in the classroom At the same time the eighth edition strikes several new themes designed to modernize the book and make it more meaningful in today s justice system as well as more accessible to the students Some older cases have been removed and new cases added to address conceptual issues in a contemporary setting For example the 7th and 8th editions have added thirteen new cases to Chapter 2 four in the 8th edition including recent United States Supreme Court decisions that have impressed themselves onto the national legal framework The Notes

and Questions have been updated where desirable to reflect variations on the principal cases in modern factual circumstances. Additionally, problems with citations to the cases they reflect have been added to the Notes to permit exploration of conceptual nuances in a context less directive than case analysis. Most importantly, in the 8th edition we have added a new chapter on Crimes Against Governmental Authority. Although the impetus for this chapter was provided by the government's response to the recent terrorist threat, the chapter covers how the state historically has dealt with both physical and sociopolitical challenges to its authority and the welfare of its citizens. After a brief history of governmental acts to defend itself beginning with sedition at the end of the 18th Century, the chapter covers how traditional crimes have been used by the state in this capacity and then takes up statutes that have been enacted explicitly to deal with threats to governmental authority such as crimes aimed at communism, the USA PATRIOT Act, and at material support of terrorist organizations. We have developed this chapter to provide a contemporary setting for showing how the criminal law is utilized to combat threats in a nontraditional area of the first year course of criminal law, and we hope it appeals to those who prefer both the contemporary and the nontraditional. As in the past, our book starts with a brief outline of criminal procedure. We believe it essential that a beginning student have an insight into the criminal justice process as a prerequisite to a proper understanding of the cases on substantive criminal law. As in prior editions, the book ends with an Appendix containing pertinent provisions of the United States Constitution and its Amendments. Since these provisions are liberally referred to in many cases, the student has ready access to their precise wording.

Mixing and clashing an outrageously eclectic set of influences, the close harmonies of the Beatles, the guitar pyrotechnics of Jimi Hendrix, the heavy sound of Led Zeppelin, and the glamour of David Bowie, Queen found a winning formula by channeling this strange cocktail through its charismatic frontman Freddie Mercury. More than a decade after Mercury's death, Queen's fan base continues to grow. This meticulous session-by-session album-by-album tour-by-tour chronicle of the band is the book that Queen fans have been waiting for.
