The Proud Enemy:

The Proud Enemy F. M. Busby, 1982-01-01 *The Proud 6th* Mark Johnston, 2009-01-19 Following Mark Johnston's acclaimed illustrated histories of the 7th and 9th Australian Divisions this is his long awaited history of the 6th Australian Division the first such history ever published The 6th was a household name during World War II It was the first division raised in the Second Australian Imperial Force the first division to go overseas and the first to fight Its success in that fight in Libya in 1941 indicated that the standard established in the Great War would be continued General Blamey and nearly every other officer who became wartime army corps and divisional commanders were once members of the 6th Division Through photographs and an authoritative text this book tells their story and the story of the proud independent and tough troops they commanded *The Few. The Proud.* Sara Sheldon, 2007-11-30 On a dark night in February 2005 Sara Sheldon arrived at Camp Fallujah outside the dangerous ancient city for which it was named Armed only with a camera a laptop and notepads she was a spectator to the war who secured permission to embed with the 1st MEF and observe and interview Marines who happened to be women then posted at Camp Fallujah In the time she spent there Sheldon interviewed women who held ranks from corporal to colonel to gain a broad and varied perspective of the experiences representative of female Marines throughout Iraq She reveals much about her subjects the preconceived notions they possessed when they enlisted in the Corps how the experience of serving in Iraq changed them and what they ultimately took home from the battlefield Americans are aware that women are actively serving in the armed forces but few understand what exactly is expected of women in the military the duties they perform and the limitations and restrictions placed on them especially in a combat zone Sheldon reveals much about her subjects In some ways they mirrored their male counterparts Some enlisted only for four years to receive educational benefits or for an opportunity to escape their home environment Others made the Corps their career serving as commissioned officers Still others were recalled to active duty to serve with their representative Guard units Sheldon uncovers their stories the preconceived notions they possessed when they enlisted in the Corps how the experience of serving in Iraq has changed them and what they ultimately took home from the battlefield She also sheds light on the day to day grind all American service personnel face in Iraq Yet she never loses her main focus Far removed from the Green Zone Sheldon and her subjects spent their days in harm's way but she avoids a running commentary on policy Instead she remains committed to examining how women tasked with field duties and various missions at the lower levels of command are impacted by their experiences *The Few, The Proud, The Undead* Peter Sankey, 2012-04-17 Sergeant J Torrence had some of the military's best under his command His platoon was nothing but tough mean looking badasses like The Wild Bunch in camouflage but no amount of training could have prepared them for this mission After they're sent deep into enemy territory to recover a crashed spy satellite things take a turn for the horrific when one of them is savagely attacked by a strange vicious creature They're forced to turn their weapons on each other as one by one they're transformed
