Think It Map It:

Think it - Map It! Ian Harris, Oliver Caviglioli, 2003-08-01 Think it Map it Is the most relevant practical and helpful book yet written on mapping techniques in the classroom By showing you what pupils thinking looks like this book gives you the necessary insights to integrate literacy thinking skills and accelerated learning in your classrooms Organized into three sections it explains WHY model mapping is so effective WHEN model mapping can be effectively applied HOW to effectively learn and teach model mapping Think it Map it Is packed with case studies and maps from schools that have taken the principles and promises of the authors MapWise training course and their best selling book by the same name and turned them into winning classroom strategies The examples clearly show how primary comprehensive grammar nursery and special school teachers have turned theory into practice often with amazing results In this book you will discover how these schools have applied mapping to literacy thinking skills subject explanation revision collaborative learning extending the gifted and talented including pupils with special needs formative assessment displays teacher planning staff meetings development planning and very much more What MapWise schools have realized is that whenever thinking is involved then model mapping is an appropriate and effective tool to use This book moves schools on from the restricting way in which model mapping is often perceived and gives a clear overview of the reasons why this visual tool works so effectively for all types of learner and teachers too Written in a clear and lively style Think it Map it is sure to become the classic text on mapping in schools With bite size chapters and with a vast array of wonderful maps produced by children this book will excite and educate all staff currently working in schools we cannot navigate physically or intellectually without a map So the learner needs a map that will always let him or her find their way to what they already know and enables them to navigate from there to their desired destination This book is fundamentally about how learning works and how teaching can be transformed when it grasps and respects some cardinal principles about facts and knowledge about memory and retrieval about language and thinking about individual and social learning This book sheds new light on some deep truths about peer learning about talking your way to meaning about learning as liberation from a ruthlessly lockstep progression through the curriculum It is a salutary reminder in an age of attainments targets SATS key stages and value added that learning is what schools are for and it is what makes teachers want to teach This book is a real treasure trove of good ideas and sound pedagogic principles Professor John MacBeath Chair of Educational Leadership University of Cambridge [Map Your Thinking](#) Adrienne Battistone, 2004 Thinking Maps are visual teaching tools that foster and encourage lifelong learning They re based on a simple yet profound insight The one common instructional thread that binds together all teachers from pre kindergarten through postgraduate is that they all teach the same thought processes *Map It Out* Elisabeth Wiig, Carolyn Wilson, 2008-01-01 Map It Out is the perfect resource for students who rely heavily on visual cues for learning and communicating including individuals with autism and auditory processing difficulties This 328 page book provides graphic

organizers and 50 reproducible units of conceptual maps targeting the following language areas Meaning and Content Semantics Word Definitions Verbal Analogies Metaphors and Similes Text Comprehension Story Organizer Interpreting Text Titles Who Story Analysis Dynamic Characterization Context Pragmatics Decision Making Requests for Clarification Perspective Taking Negotiating Terms Developing Trust School Knowledge Study Skills Remembering Events Remembering Teacher Instructions School Organizational Culture Each Map It Out unit relates to academic and social situations faced by youth at all levels of instruction The units provide An introduction with sample dialogue and ideas for extending activities A master map to use as a teacher s guide to summarize the key relationships A completed map to illustrate how students might use the map A blank work map to hand out to students to complete individually or as a group With Map It Out you will have one or more maps at your fingertips to use each day especially when you re using the classroom curriculum for the basis of your intervention or if you are providing collaborative instruction with general and special educators Want to customize the 50 conceptual maps Then purchase Map It Out Customizable Word Maps CD ROM The CD ROM allows you to type information into the chart and then read the customized map onscreen or print it out for instructional use
