Thinking Fascism:

Thinking Fascism Erin G. Carlston, 1998 This book analyzes three works by sexually marginal women sometimes grouped as the Sapphic Modernists Djuna Barnes's *Nightwood* 1936 Marguerite Yourcenar's *Denier du r ve* 1934 and Virginia Woolf's *Three Guineas* 1938 that engage directly or indirectly with fascist politics and ideology [Philosophy of Antifascism](#) Devin Zane Shaw, 2020-06-11 On January 20th 2017 during an interview on the streets of Washington D C white nationalist Richard Spencer was punched by an anonymous antifascist The moment was caught on video and quickly went viral and soon punching Nazis was a topic of heated public debate How might this kind of militant action be conceived of or justified philosophically Can we find a deep commitment to antifascism in the history of philosophy Through the existentialism of Simone de Beauvoir with some reference to Fanon and Sartre this book identifies the philosophical reasons for the political action being enacted by contemporary antifascists In addition using the work of Jacques Rancière it argues that the alt right and the far right aren't a kind of politics at all but rather forms of parapolitical and paramilitary mobilization aimed at re-entrenching the power of the state and capital Devin Shaw argues that in order to resist fascist mobilization contemporary movements find a diversity of tactics more useful than principled nonviolence Antifascism must focus on the systemic causes of the re-emergence of fascism and thus must fight capital accumulation and the underlying white supremacy Providing new incisive interpretations of Beauvoir existentialism and Rancière he makes the case for organizing a broader militant movement against fascism *Fascist Mythologies* Federico Finchelstein, 2022-07-05 For fascism myth was reality or was realer than the real Fascist notions of the leader the nation power and violence were steeped in mythic imagery and the fantasy of transcending history A mythologized primordial past would inspire the heroic overthrow of a debased present to achieve a violently redeemed future What is distinctive about fascist mythology and how does this aspect of fascism help explain its perils in the past and present Federico Finchelstein draws on a striking combination of thinkers Jorge Luis Borges Sigmund Freud and Carl Schmitt to consider fascism as a form of political mythmaking He shows that Borges's literary and critical work and Freud's psychoanalytic writing both emphasize the mythical and unconscious dimensions of fascist politics Finchelstein considers their ideas of the self-violence and the sacred as well as the relationship between the victims of fascist violence and the ideological myths of its perpetrators He draws on Freud and Borges to analyze the work of a variety of Latin American and European fascist intellectuals with particular attention to Schmitt's political theology Contrasting their approaches to the logic of unreason Finchelstein probes the limits of the dichotomy between myth and reason and shows the centrality of this opposition to understanding the ideology of fascism At a moment when forces redolent of fascism cast a shadow over world affairs this book provides a timely historical and critical analysis of the dangers of myth in modern politics *The Palgrave Handbook of Popular Culture as Philosophy* Dean A. Kowalski, Chris Lay, Kimberly S. Engels, 2024-04-30 Much philosophical work on pop culture apologises for its use using popular culture is a

necessary evil something merely useful for reaching the masses with important philosophical arguments But works of pop culture are important in their own right they shape worldviews inspire ideas change minds We wouldn't balk at a book dedicated to examining the philosophy of *The Great Gatsby* or 1984 why aren't *Star Trek* and *Superman* fair game as well After all when produced the former were considered pop culture just as much as the latter This will be the first major reference work to right that wrong gathering together entries on film television games graphic novels and comedy and officially recognizing the importance of the field It will be the go to resource for students and researchers in philosophy culture media and communications English and history and will act as a springboard to introduce the reader to the other key literature in the field

The Journal of Philosophy, 1926 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933 *Mussolini's Fascist Philosopher* M. E. Moss, 2004 Giovanni Gentile was one of the most important and controversial thinkers of twentieth century Italy His philosophy and fascist ideas reflect the defining characteristics of the Italian romantic rebellion against European and English enlightenment thinking The Ariadne's thread which runs through and unifies all of Gentile's thought originates accordingly from his neo Hegelian reaction to the philosophy of Kant and of Kant's immediate predecessors The range of Gentile's ideas on pedagogy logic metaphysics political theory and aesthetics the original way in which he developed and adapted the thoughts of Hegel Fichte and Marx and finally his description of himself as the philosopher of fascism all encourage us to revisit and re evaluate his system This book reveals how Gentile came to advocate his actual idealism and evaluates his systematic philosophy by making explicit inconsistencies that arise from within his system and by questioning his idealist assumptions [Making the Fascist State](#) Herbert Wallace Schneider, 1928 [World Fascism](#) Cyprian Blamires, 2006-09-18 Publisher description *Alternative für Deutschland: The AfD* Thomas Klikauer, 2020-02-21 Right wing populism has been on the rise in Europe and elsewhere Germany's foremost populist party is called Alternative for Germany AfD Founded in 2013 and entering Germany's federal parliament in 2017 the AfD increasingly moved towards right wing extremism Today the party is Germany's most successful nationalistic party Following the populist playbook the AfD started off with a simple neoliberal and anti Europe message but soon moved towards the extreme right By 2017 the AfD's ultra nationalistic wing had successfully outmanoeuvred the party's moderate and neoliberal leader Frauke Petry Written from the standpoint of openness pluralism liberalism and democracy this book examines the AfD's rise to fame its successes and the party's ideological links dating back to German Nazism of the 1930s The author illuminates the party's ideological and institutional links to present day Neo Nazis its close associations to the right wing street movement Pegida the recruitment of right wing extremists and former Neo Nazis into its parliamentarian ranks its xenophobic anti Muslim racist and anti Semitic ideologies and its relationship to the neo fascist Identity Movement A historical overview positions the AfD within Germany's political landscape The work engages with the make up of AfD voters and electoral successes the party's relationship to anti Semitism and its dreams of re establishing a

mythical Aryan Volksgemeinschaft Close attention is paid to the AfD's demagogic and nationalistic leader Bjoern Hoecke as well as the party's admiration for the radical right of neighbouring Austria A final chapter examines the fascist character of the AfD as measured against Umberto Eco's fourteen elements of Ur Fascism Three questions are posed Will the AfD lead to the end of German democracy Is Germany moving towards another Third Reich Is there another Hitler in the making **The Fascist Dictatorship** International Committee for Political Prisoners, 1926 **Harper's Magazine** Henry Mills Alden, Thomas Bucklin Wells, Lee Foster Hartman, Frederick Lewis Allen, 1924 Important American periodical dating back to 1850 **The Fascist Movement in Italian Life** Pietro Gorgolini, 1923 **Foreign Affairs** Edmund Dene Morel, Helena Maria Swanwick, 1927 **Graduate Faculty Philosophy Journal**, 1991 **The New Statesman**, 1925 **The Century**, 1929 Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, 1922 *The Spectator*, 1926 **Civilian Defense, Published for Defense Council Directors and Executives Responsible for Plant Protection**, 1946 **The Social Philosophy of Giovanni Gentile** Henry Siltou Harris, 1960
