VIOLAfest , The History of the Viola Maurice W. Riley,1980 Volume II of The History of the Viola is a supplement to the original History of the Viola published in 1980 At that time there was no plan to publish a Volume II and therefore the first publication was not listed as Volume I The first edition 1980 is now out of print The demand for this book and the accumulation of new material related to viola history dictates the publication of the present edition entitled Volume II and the eventual reprinting of the original book in a revised form as Volume I The 1980 edition included violas from the shops of such masters as the members of the Amati family Gasparo da Sal Paolo Maggini Andrea Guarneri Antonio Stradivarius J B Guadagnini and others as well as information about 19th and 20th century craftsman who attempted to improve the instrument Volume II contains photographs and descriptions of 65 important violas that did not appear in the 1980 edition When the 1980 edition was published there was a limited amount of information available to the author Once the book was published however museums dealers and individual owners of violas volunteered information and photographs in such quantity that it soon became evident that there had to be a Volume II in order to better deal with the instruments and other aspects of the history of the viola More information and biographies were volunteered regarding violists in Argentina Czechoslovakia France Italy the orient Yugoslavia and elsewhere Scholarly research also has uncovered important information related to the music written for the viola and the violists who performed this music There has been also much accelerated activity of organizations promoting the viola The decade between the publication of Volume I in 1980 and the writing of Volume II in 1990 has been one of the most eventful and productive periods in the history of the viola It has been a period that is chronicled in the present edition Many deserving violists had been unintentionally omitted from the biographies in the Appendix of the 1980 edition There has been an exhaustive attempt to rectify these omissions in the present edition Volume II contains brief biographies of more than 300 violists who were not included in the 1980 edition and with those in the 1980 edition have been brought up to date Dust jacket **The Gramophone Classical Catalogue** ,1982-03 Gramophone Long Playing Classical Record Catalogue ,1956 **Gramophone Classical Record Catalogue** ,1974
