**Erich Von Daniken**

## Von Danikens Proof:

**According to the Evidence** Erich von Däniken, 1977      Evidence of the Gods Erich von Däniken, 2012-11-22 Ancient humans had the natural urge to document the world in which they lived a fact that is evident in the cave paintings and carvings that still exist today Why do rock paintings from various sites around the world all seem to depict the same things Did the peoples of the prehistoric world have contact with each another Is it possible that some were transported to far flung locations in what our ancestors could only have described as flying chariots Erich von Däniken one of the best selling authors of all time and regarded by many as the father of the ancient alien theory continues his mission to uncover Earth's ancient past this time with more than 150 extraordinary full color photographs in Evidence of the Gods This extensively illustrated book features never before seen photographs from his unique archive compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes came to Earth thousands of years ago Evidence of the Gods offers the best and most impressive evidence to date along with concise explanations for the images to bolster the case that von Däniken has already been making quite convincingly for years Evidence of the Gods is his most convincing and thoroughly entertaining work yet Did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago The images will speak for themselves      *Just Smoke and Mirrors* W. Sumner Davis, 2003-01-16 What is it about mythology mysticism and pseudoscience that has such a vast appeal to us From dark roomed seances to Tarot cards and Ouija boards to Astrology and Rune stones American Culture seems fascinated by the paranormal Has our society lost faith in the age old institutions of religion Or are we attempting to escape what many feel is a mundane reality In this latest book we will explore this search for wonder and examine its negative effects on true science and critical thought      **Impossible Truths** Erich Von Daniken, 2018-01-16 The author of Chariots of the Gods presents astounding theories about alien contact in ancient history updated with new evidence from his research into formerly inaccessible sites Why do flying machines and astronauts appear in the artworks and sacred texts of all ancient cultures What is the meaning of the immense earth drawings impossible to view from the ground that can be found all over the globe How could prehistoric cultures have engraved diorite and other hard rock with such incredible precision without the use of modern tools In this mind bending new book Erich von Däniken bestselling author and expert on extraterrestrial influences on early civilization draws on his latest research to update his astounding theory that the inhabitants of other planets have kept in contact with humankind since the earliest times Assess for yourself the stunning visual evidence presented in some 200 photographs Examine previously unpublished testimony from expert informants Discover new research undertaken by von Däniken after the opening up of previously inaccessible regions such as the jungle city Buritaca 200 in Colombia Featuring profiles of Machu Picchu the Nazca Lines and other archaeological mysteries Impossible Truths shines a startling new light on the true relationship between alien species and humankind      *Philosophy of Science and Occult, 1st Ed.* Patrick Grim, 1983-06-30 Philosophy of Science and the

Occult has two aims to introduce the philosophy of science through an examination of the occult and to examine the occult rigorously enough to raise central issues in philosophy of science Patrick Grim has compiled selections by authors with divergent views on astrology parapsychology and UFO s to emphasize topics standard to the philosophy of science He discusses issues such as confirmation and selection for testing possibility and a priori probabilities causality and time explanation and the nature of scientific laws the status of theoretical entities the problem of demarcation theory and observation and science and values A sketch of where these arise in the collection accompanies the table of contents The context of the occult serves to make the initial introduction of these issues immediately understandable and forcefully compelling

*The Cult of Alien Gods* Jason Colavito, 2010-03-05 Fans of fantasy horror writer H P Lovecraft must add *The Cult of Alien Gods* H P Lovecraft and Extraterrestrial Pop Culture to their reading lists California Bookwatch Combining literary theory cultural criticism and muckraking Colavito aims to debunk alternative history He does a fair job of presenting his case using a great deal of textual analysis but believers will dismiss it as yet another attempt to suppress the truth while those who haven't been immersed in the literature are likely to be bewildered or indifferent the writing is engaging and the topic intriguing Publishers Weekly Nearly half of all Americans believe in the existence of extraterrestrials and many are also convinced that aliens have visited earth at some point in history Included among such popular beliefs is the notion that so called ancient astronauts visitors from outer space were responsible for historical wonders like the pyramids In *The Cult of Alien Gods* author Jason Colavito reveals for the first time that the entire genre of ancient astronaut books is based upon fictional horror stories whose author once wrote that he never wished to mislead anyone In this entertaining and informative book Colavito traces the origins of the belief in ancient extraterrestrial visitors to the work of horror writer H P Lovecraft 1890 1937 This amazing tale takes the reader through fifty years of pop culture and pseudoscience highlighting such influential figures and developments as Erich von D niken *Chariots of the Gods* Graham Hancock *Fingerprints of the Gods* Zecharia Sitchin *Twelfth Planet* and the Raelian Revolution The astounding and improbable connections among these various characters are revealed along with the disturbing consequences of Lovecraft's little joke for modern science and public knowledge Beyond documenting Lovecraft's influence on ancient astronaut theories and Raelian cloning efforts Colavito also argues that the appeal of such modern myths is a troubling sign in an age when science is having its greatest success He suggests that at the dawn of the 21st century Western society is witnessing a deep seated erosion of Enlightenment values that are the basis of the modern world Jason Colavito is a freelance writer and editor who has written for *Skeptic* magazine among other publications

[Ancient Astronauts, Cosmic Collisions](#) William H. Stiebing, 2010-06-03 Controversial archaeological and astronomical discoveries have been the subject of countless news stories best selling books movies and television programs Promoted but seldom critically evaluated are the theories that markings in the desert of Peru are the remains of an ancient airfield used by space visitors that the Great Pyramid of Giza in Egypt exhibits advanced technology

unknown to the ancient Egyptians and that there were near collisions between planets of our solar system in historical times This book critically evaluates many of these popular hypotheses about man s early history It presents the most important evidence and arguments for and against theories of a universal flood the lost continent of Atlantis mysterious pyramid powers pre Columbian voyages to America by ancient Egyptians and Phoenicians and Velikovsky s cosmic catastrophism Professor Stiebing stresses the need for careful and objective analysis of the evidence used to support radical reconstructions of the past The book discusses radio carbon dating archaeological stratigraphy textual interpretation and epigraphy as well as emphasis on the proper use of data provided by geology astronomy and other sciences It is written in non technical language and will appeal to a wide audience

*Earth, Man, & Devolution* R. Pilotte, 2009-01-28 A Girl on a couch appeared in an electro magnetically generated cloud and it was deduced to be a vision from the past UFO s are seen to appear and disappear out of nowhere and they are presumed to be entering and leaving another dimension The ancients speak of the Gods descending to earth and they re deduced to be spacemen from another galaxy seeding life on earth and helping evolution along Archaeologists see the pyramids and decide they were built by 200 000 slaves to exacting standards we can t match today just to bury a king People read about world flood legends look at Mount Everest say Impossible and decide the legends speak of local floods Anthropologists see writing start about 5000 years ago and deduce this is evidence of the greatest advancement in the history of mankind These deductions are all incorrect Find out what these and other curious tidbits really mean and how they ll change your world view forever Ever wondered where the Noah floodwater went Find out where it came from and finally where it went Radioactive Carbon 14 in our atmosphere isn t at equilibrium it forms at a faster rate than it breaks down Why And why is that crucial in figuring out the age of the earth Ever wondered what caused different races How about Dinosaurs Find out what killed them recently and be prepared for a shock because they aren t all dead One of the plagues of Egypt was the river of blood but this happened in more places than just Egypt Find out the cause This book solves the Bermuda Triangle disappearances invisibility the Tower of Babel frozen woolly mammoths erratics massive fossil sites all around the globe destruction of Mu and Atlantis We also figure out the origin of reincarnation the underworld the continents the seven heavens pole shifts the Sumerians and not just the origin of the gods we find out who they are How can one book solve so much Read *Earth Man Maps of the Ancient Sea Kings* Immanuel Velikovsky *Earth in Upheaval* Wallace Budge *Book of the dead* *The Hollow Earth* by Raymond Bernard and many more You can also see some of my letters published in *Atlantis Rising* magazine by doing an internet search of my title or however it s done I ve had 6 letters published to date
