[Wake Up and Live!](#) Dorothea Brande, 2007-02-22 TWO YEARS ago I came across a formula for success which has revolutionized my life It was so simple and so obvious once I had seen it that I could hardly believe it was responsible for the magical results which followed my putting it into practice Of course I was always looking for a way out of my impasse But when I actually had the good fortune to find it I hardly believed in my own luck At first I did not try to analyze or explain it But the main reason for my taking so little time to analyze or explain the effects of the formula after I once began to use it consistently was that I was much too busy and having far too much fun It is in comparison with the hesitant lives we live that the full normal life that is ours by right seems definitely super normal But this book is not the history of the growth of an idea It is intended to be a practical handbook for those who would like to escape and begin to live happily and well Scroll Up and Get Your Copy Now
