The caveat is she is a CEO of a private practice, a wife, mother, homeowner, and a member of an elite organization. This woman BELIEVES in God. She reads the Bible and prays daily. She even intercedes for others regularly. Yet she suffers silently. On the outside, she looks like she's a Superwoman, well-to-do and oh-so-powerful. Secretly, she thinks she is unwanted and unworthy until she connected with the right people. She got help. The woman shares her life experiences to help spark the healing process for others. *Undisturbed* Adam Oakley, 2014-11-21 A book designed to dispel the myths we have about emotions, showing how to treat them in such a way that they no longer become a burden. We are often faithful to emotions, feeling somehow owned by them, when in fact emotions depend on us. We need not cling to them or take them so seriously. They are energy movements which would not exist if we were not here to witness them. This book aims to show that we need not label our emotions in any way. We need not regulate or police ourselves. We can relinquish suppressing something because we believe it is wrong to feel a certain way; this is all just conditioning. We can stop distinguishing between good and bad.
