Mind-Body Medicine Anne Harrington,2009-01-27 People suffering from serious illnesses improve their survival chances by adopting a positive attitude and refusing to believe in the worst Stress is the great killer of modern life Ancient Eastern mind body techniques can bring us balance and healing We ve all heard claims like these and many find them plausible When it comes to disease and healing we believe we must look beyond doctors and drugs we must look within ourselves Faith relationships and attitude matter But why do we believe such things From psychoanalysis to the placebo effect to meditation this vibrant history describes our commitments to mind body healing as rooted in a patchwork of stories that have allowed people to make new sense of their suffering express discontent with existing care and rationalize new treatments and lifestyles These stories are sometimes supported by science sometimes quarrel with science but are all ultimately about much more than just science      Science and Industry ,1902      **Six Essays on the Subject Methods of Self-help** Ernests Loomis,1898      **Gillette's Social Redemption** ,1907      *The Survey* ,1907      **Science Over Stigma** Daniel B.
