corruption and deceit of prejudice politics and power this compelling account scrutinizes the immensely lucrative Nevada  
gambling industry s struggle to maintain legitimacy or at least the appearance of it Ronald A Farrell and Carole Case tell how  
state regulators created the Black Book in the 1960s a list of notorious and unsavory persons banned forever from owning  
managing or even entering casinos in the state The regulators dramatically pursued and publicly denounced former  
lieutenants of Al Capone alleged overlords of the American Mafia nationally known professional gamblers and major casino  
owners as well as small time bookies and hoods reputed sports fixers and gambling cheats To date thirty eight names have  
been entered in the Black Book including Sam Giancana Anthony Spilotro and Frank Lefty Rosenthal Farrell and Case  
contend however that the denunciations were a melodrama meant to show that the government was cleansing the city of  
corruption Through the Black Book the regulators focus public attention on the Mob rather than on a multitude of competing  
criminal interests already in the gaming industry The authors uncover evidence of ethnic discrimination by the regulators  
including selective prosecution of Italian Americans whose notoriety fit popular Mafia stereotypes The Black Book and the  
Mob records hearings of the regulatory commission and the voices of lawyers government officials casino owners and the  
people named in the Black Book itself This Las Vegas story is a rebuke to the gaming industry and a cautionary tale for many  
states and communities now weighing the legalization of casino gambling      **Patents for Inventions. Abridgments of
