Slovak History Chronology Lexicon:

Slovak History Július Bartl,2002 A chronology of Slovak history from the earliest times through the end of 2000

Slovak History Dusan Skvarna,Julius Bartl,Viliam Cicaj, Maria Kohutova,Robert Letz,Vladimir Seges,2001-10-01 The history of Slovakia is part of the rich tapestry of the course of human events at the geographical and strategic crossroads of Europe Yet very little contemporary scholarship on Slovak history exists in English or is readily accessible to North American and Western European readers This title thus fills an important gap in historiography and knowledge of events throughout Central Europe over the last fourteen centuries Attractive easy to read layout and typeface Contents and arrangement of the of the work are not duplicated by any currently available English language text Priced to provide better value than any other scholarly work available in English The book consists of two parts a chronology of Slovak history from the earliest times through the end of 1998 and a lexicon containing 330 subject matter headwords including biographical portraits describing the most important events and personages in Slovak history Appendices provide genealogies and leadership lists for ruling royal dynasties and republican regimes This book also includes a survey of common Germanic place names located on the territory of Slovakia and a selected bibliography

Illustrated Slovak History Anton Špiesz,Dušan Čaplovič,Ladislaus J. Bolchazy,2006 Little contemporary scholarship on Slovak history exists in English This title fills an important gap in historiography about events throughout Central Europe over the last fourteen centuries It presents the history of Slovakia in terms of the latest scholarship and in the context of on going historical debate about Slovak history and its presentation in post socialist world Extensive footnotes by scholars 350 color illustrations Index Bibliography Foreword and Epilogue

The Slovak-Polish Border, 1918-1947 Marcel Jesenský,2014-09-02 The first English language monograph on the Slovak Polish border in 1918 47 explores the interplay of politics diplomacy moral principles and self determination This book argues that the failure to reconcile strategic objectives with territorial claims could cost a higher price than the geographical size of the disputed region would indicate

Bulgaria, Hungary, Romania, the Czech Republic, and Slovakia Britannica Educational Publishing,2013-06-01 Bulgaria Hungary Romania the Czech Republic and Slovakia share a remarkably similar trajectory on their individual paths to becoming the nations they are today Each had ties to the Roman Byzantine and Ottoman empires in earlier times all became Eastern bloc countries in the 20th century and all successfully emerged from Communist rule in the late 20th and early 21st centuries These multi layered lands where folk traditions still exist alongside the hallmarks of modern life and the remnants of communist rule are the subjects of this sweeping tome

Eastern Europe Richard Frucht,2004-12-22 A contemporary analysis of the people cultures and society within the regions that make up Eastern Europe *Eastern Europe An Introduction to the People Lands and Culture* sheds light on modern day life in the 16 nations comprising Eastern Europe Going beyond the history and politics already well documented in other works this unique three volume series explores the social and cultural aspects of a region often ignored in books and curricula on

Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country

Almanac...National Slovak Society ,2005 Czechoslovakia Michael Brenner,1997-11-13 This book the most thoroughly researched and accurate history of Czechoslovakia to appear in English tells the story of the country from its founding in 1918 to partition in 1992 from fledgling democracy through Nazi occupation Communist rule and invasion by the Soviet Union to at last democracy again The common Western view of Czechoslovakia has been that of a small nation that was sacrificed at Munich in 1938 and betrayed to the Soviets in 1948 and which rebelled heroically against the repression of the Soviet Union during the Prague Spring of 1968 Mary Heimann dispels these myths and shows how intolerant nationalism and an unhelpful sense of victimhood led Czech and Slovak authorities to discriminate against minorities compete with the Nazis to persecute Jews and Gypsies and pave the way for the Communist police state She also reveals Alexander Dubcek held to be a national hero and standard bearer for democracy to be an unprincipled apparatchik Well written revisionist and accessible this groundbreaking book should become the standard history of Czechoslovakia for years to come

National Convention of the American Association for the Advancement of Slavic Studies American Association for the Advancement of Slavic Studies. National Convention,2002 Almanac ,2005 **Lexikon Slovenskych Dejin** Dusan Skvarna,Julius Bartl,Viliam Cicaj,Maria Kohutova,Robert Letz,Vladimir Seges,2000-07-01 The history of Slovakia is part of the rich tapestry of the course of human events at the geographical and strategic crossroads of Europe Yet very little contemporary scholarship on Slovak history exists in English or is readily accessible to North American and Western European readers This title thus fills an important gap in historiography and knowledge of events throughout Central Europe over the last fourteen centuries Attractive easy to read layout and typeface Contents and arrangement of the of the work are not duplicated by any currently available English language text Priced to provide better value than any other scholarly work available in English The book consists of two parts a chronology of Slovak history from the earliest times through the end of 1998 and a lexicon containing 330 subject matter headwords including biographical portraits describing the most important events and personages in Slovak history Appendices provide genealogies and leadership lists for ruling royal dynasties and republican regimes This book also includes a survey of common Germanic place names located on the territory of Slovakia and a selected bibliography

American Book Publishing Record ,2000-07 **Library Journal** ,2000 Between States Holly Case,2009-05-05 Winner of the 2010 George Louis Beer Prize of the American Historical Association The struggle between Hungary and Romania for control of Transylvania seems at first sight a side show in the story of the Nazi New Order

and the Second World War These allies of the Third Reich spent much of the war arguing bitterly over Transylvania s future and Germany and Italy were drawn into their dispute to prevent it from spiraling into a regional war But precisely as a result of this interaction the story of the Transylvanian Question offers a new way into the history of how state leaders and national elites have interpreted what Europe means Tucked into the folds of the Transylvanian Question s bizarre genealogy is a secret that no one ever tried to keep but that has remained a secret nonetheless small states matter The perspective of small states puts the struggle for mastery among its Great Powers into a new perspective

Slavic Studies Murlin Croucher,1993-04 This second edition is vastly improved reflecting all the geographic political changes of the last 10 years New features include more than 2 300 new annotations in addition to 5 200 from the first edition the addition of diacritics new hierarchical listings in each geographic section for easier access of information subject listings within each geographic region The annotations are arranged by country and subject area and comprehensive author and title indexes round out this work

Slovak History Chronology Lexicon Introduction

In today's digital age, the availability of Slovak History Chronology Lexicon books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Slovak History Chronology Lexicon books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Slovak History Chronology Lexicon books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Slovak History Chronology Lexicon versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Slovak History Chronology Lexicon books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Slovak History Chronology Lexicon books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Slovak History Chronology Lexicon books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Slovak History Chronology Lexicon books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Slovak History Chronology Lexicon books and manuals for download and embark on your journey of knowledge?
