web nov 18 2023 the area is the measurement of the space occupied by any two dimensional solid geometric shapes whereas the surface area is the sum of areas of all the faces of the three dimensional figure or solid plane 2d figures

represent the area example circles rectangles and triangles while solid 3d figures represent the surface area

volume and surface area geometry all content khan academy - Feb 15 2023

web test your understanding of volume and surface area with these num s questions start test volume and surface area help us measure the size of 3d objects we ll start with the volume and surface area of rectangular prisms from there we ll tackle trickier objects such as cones and spheres

solid geometry integrated math 2 khan academy - Mar 16 2023

web solid geometry unit test about this unit extend your knowledge about two dimensional shapes to three dimensions in this unit you ll explore various ways to work with 3 d shapes including ways to calculate their surface area volume
