Small Worlds Close Up:

Small Worlds Close Up Lisa Grillone, Joseph Gennaro, 1978 Photographs taken with a powerful scanning electron microscope reveal the composition of numerous common objects including hair salt crystals and a pin *Small Worlds* Caleb Azumah Nelson, 2023-07-18 An exhilarating and expansive new novel about fathers and sons faith and friendship from National Book Foundation 5 Under 35 honoree and Costa First Novel Award winning author Caleb Azumah Nelson One of the most acclaimed and internationally bestselling unforgettable New York Times debuts of the 2021 Caleb Azumah Nelson's London set love story *Open Water* took the US by storm and introduced the world to a salient and insightful new voice in fiction Now with his second novel *Small Worlds* the prodigious Azumah Nelson brings another set of enduring characters to brilliant life in his signature rhythmic melodic prose Set over the course of three summers *Small Worlds* follows Stephen a first generation Londoner born to Ghanaian immigrant parents brother to Ray and best friend to Adeline On the cusp of big life changes Stephen feels pressured to follow a certain path a university degree a move out of home but when he decides instead to follow his first love music his world and family fractures in ways he didn't foresee Now Stephen must find a path and peace for himself a space he can feel beautiful a space he can feel free Moving from London England to Accra Ghana and back again *Small Worlds* is an exquisite and intimate new novel about the people and places we hold close from one of the most elegant poetic CNN and important voices of a generation **Tiny Worlds** Charles Needle, 2014-12-16 In his workshops Charles Needle often asks his students if they understand the difference between looking and seeing That difference is what lies at the heart of Needle's intuitive and inventive approach to macrophotography By really seeing the world before him with his eyes his mind and his emotions Needle is able to transform mundane scenes and subjects into magical realms and beguiling figures As you follow with him through the process of subject selection scene creation lighting composition and more you too will discover how taking a more permissive approach to every aspect of image creation allows you to devise more inventive solutions and more resonant images Needle's inviting can do approach to every aspect of his craft beckons you to take part to create to feel and to engage with the world as you design amazing images of it **The Small Worlds of Childhood** Lauren Shizuko Stone, 2025-05-06 *The Small Worlds of Childhood* argues that prose representations of bourgeois childhood contain surprising opportunities to reflect on the temporality of experience In their narratives of children at home in their everyday worlds Adalbert Stifter Rainer Maria Rilke and Walter Benjamin are not only able to shed a unique light on key issues in the history of philosophy They also offer a queer critique of the normative expectation that the literature of childhood is oriented toward the future Stone shows that when writers engage in philosophical storytelling showing children tarrying in quotidian experience they dislodge childhood from its nostalgic value to grown ups and the heteronormative demand to grow up Such stories of children as philosophical subjects thus take on their own lingering backwards or all together strange sense of time Stone demonstrates the necessity of recognizing how texts on childhood before and beyond

Freud engage literary language in the service of a variety of philosophical attitudes reminding us how poetic techniques can tell us something extraordinary about moments of ordinary experience and the manner with which humans and especially children cognize the world By bringing canonical German language literary and philosophical traditions into conversation with current English language queer approaches Stone opens a queer counter history of German and Austrian realist and modernist literature This title is available from the publisher on an open access basis [Is It Really Just a Small World?](#) Sandra Boyce Ghost,2011-06-07 When two neighbors who live in Bucksport Tennessee unexpectedly meet in New York City they usually say the same thing Well its a small world This seems to be the phrase that always accompanies a remarkable coincidence But what if it isnt coincidence at all What if these extreme happenings could be orchestrated by God to get our attention to further His plan for our lives or as some kind of heavenly protection Have doubts about that Well Is It Really Just A Small World promises to show one coincidence after another all laced together in the life of one woman with the love of a heavenly valentine The autobiography of Sandra Ghost reads like a page turning soap opera when as a teen she tries to swim upstream in a troubled home life and uses marriage as an escape from the parental river of alcohol Physical abuse ends this union and a second marriage promises all her dreams will come true until she finds herself desperately trying to win her new husbands approval to no avail She feels planted in the country with the crops and a newborn baby and tries to imitate the housewives on TV submissively trying to just tie a starched apron around her troubled mind In a fluke of circumstances Sandy is thrust into singing onstage This occurrence blossoms into a surprising career as a nightclub entertainer with bookings all over the US and Canada appearances on television plus a recording contract And this is when the miracles begin to happen So fasten your spiritual seat belt get prepared for the ups and downs of a heavenly roller coaster ride that will leave you breathless with what the world would deem to be remarkable coincidences While this autobiography is told with humor and candor it reflects solid and astonishing answers to prayer When there are encounters with others whose stories of miracles also cross the path of the author she has included affidavits by those involved to speak of the veracity of the episode
