Small Scale Enterprises In Developing And Transitional Economies:

Small-scale Enterprises in Developing and Transitional Economies Homi Katrak, Roger Strange, 2002 This book considers the role played by Small Scale Enterprises SSEs in the development strategies of developing and transitional economies in a changing global context Analysis is based on research undertaken in Africa Asia South America and Eastern and Southern Europe and is centered around four key issues the efficiency of SEEs their relation to market competition the development of clusters and technological upgrading **Small and Medium Enterprises in Transitional Economies** Robert J. McIntyre, Bruno Dallago, 2003-09-17 Although the new small and medium enterprises SME sector is emerging as one of the driving forces in transition economies little is known about the conditions behind its successful development or about policies that could facilitate its expansion This unique book explores the complex relationship between the growth of the SME sector and the current policies and institutional historical and cultural forces that shape its fate *Small Firms and Economic Development in Developed and Transition Economies* David A. Kirby, Anna Watson, 2017-11-22 This title was first published in 2003 Since the late 1970s there has been considerable interest in the role of small firms in economic development in general and employment generation in particular Throughout the developed world governments have introduced a range of measures to encourage small firm growth and development in an attempt to stimulate economic growth generate employment and foster innovation Though not all measures have been successful many policies have transferred to the transition economies of Central and Eastern Europe where since 1989 small firm growth and development has achieved considerable importance in economic restructuring Accordingly this volume presents the leading research on the role of small firms in economic development and employment generation in both transition and developed countries Setting itself in a wider theoretical context the book also considers the implications for both policy and theory and suggests directions for future research *Small and Medium Enterprises in Distress* Philippe Regnier, 2017-11-22 This title was first published in 2000 Since 1998 there have been many diagnoses studies and theories attempting to explain the East Asian economic crisis and the impact on major economic and financial sectors This text aims to fill a gap in the literature by examining the effects on small and medium sized enterprises From early 1998 unemployment figures in the region rose rapidly although large enterprises were not as yet engaged in corporate restructuring Registered small and medium sized enterprises SMEs and microenterprises were a major source of this unemployment especially among unskilled and seasonal workers This volume covers the debate in five ways An introductory chapter presents an overview of the SME international experience both in OECD and developing economies Part I looks at the economic and social contribution of SMEs in Thailand before and after the 1997 1998 crisis and Part II reviews government policy and SME promotion initiatives Part III explores the assumption that local SMEs linked to large firms have been more resilient while the concluding chapter suggests a range of policies which have been derived from experiences in places other than Thailand **Private Service Firms in a Transitional Economy** Martha De Melo, Gur

Ofer,1994-01-01 Studies of Economies in Transformation Paper 11 The service industry is the largest and most dynamic sector of the newly emerging private sector in St Petersburg Little is known however about the entrepreneurs and firms in this sector or about *Greening Industrialization in Asian Transitional Economies* A. P. J. Mol,Joost C. L. van Buuren,2003-01-01 Studying transition economies is one of the most challenging tasks faced by those who wish to understand the political social and economic changes that the world has undergone since the end of the Cold War *Greening Industrialization in Asian Transitional Economies* is a collection of essays which examine environmental performance and the transition to market economies particularly in China and Vietnam A comprehensive assessment of the state of industrial environmental management this informative volume looks at the movement for cleaner production from many perspectives analyzing its historical roots its political influences its implementation and its economic and technological feasibility Readers of these excellent essays will be left with an in depth understanding of both the necessity for environmental improvements in rapidly industrializing economies and the difficulties and challenges which this goal entails An ambitious and important project *Greening Industrialization in Asian Transitional Economies* provides a wide ranging analysis of a vital topic

Enterprising Women in Transition Economies David Smallbone,2017-03-02 Entrepreneurship is a key element in the development of market based economies and one of the potential drivers of change in countries that are in the process of transformation to market based systems This book describes and critically assesses the nature and extent of female entrepreneurship in European economies that until 1990 were operating under central planning At the core of the book are 7 country based chapters which provide an overview of the development of entrepreneurship and small firms since 1990 including a review of the institutional and policy context an assessment of the role of women within the society during the socialist period and any major changes afterwards Each chapter also includes a thematic section each one addressing a different issue based on unique empirical data drawn from original research **Enterprise and Economic Development**

in Africa Dina M. Nziku,John J. Struthers,2021-06-11 Presenting a topical analysis of the challenges and achievements of enterprise *Enterprise and Economic Development in Africa* examines contributions to economic development on the continent as well as exploring implications for policy dimensions *The Role of Small and Medium Enterprises in Transition*
