## Smile Of Truth:

**God's Smile** Julius Magnussen,1920      **SMILE** Dr Dinesh Kapur,2019-06-03 Smile aims is to promote health and ease sufferings and offers sensible solutions for life s problems If understood with an open mind may upgrade one to any level The mind takes initiative in all activities and the body follows that Emotions are stronger than physical matter Corrections of emotional misbalance lead to harmony on the physical level Smile is the strength that stays in the very moment like the verses of imagination whenever one perceives in the interaction with another and the joy becomes an infinite spirit of living In religion one remains as a Hindu Mohammedan or Christian and so on as we are afraid because our religion is based on beliefs So everybody is trying to protect their flock by encountering others When anyone feels there is religious fragrance but no religion as such that is total freedom Liberation is practically possible in the smile state beyond any belief      Mother Truth's Melodies Mrs. E. the UK The initial goal is to establish the major themes and issues that should potentially play strong roles in the mass media reportage of asylum and immigration This is achieved through an analysis of the UK s refugee intake compared to other countries in the world the demographic effect of immigration in the UK and the situations in the major refugee sending countries A historical research into both the domestic immigration policies of UK politicians and the contemporary strategies of globalisation is used to ascertain the very different themes and issues of asylum and immigration that reflect the agenda of the UK political elite Using Herman and Chomsky s US Propaganda Model as a theoretical template the UK s mass media is structurally analysed to ascertain its potential subservience to domestic elite interests Having discovered that fundamental institutional similarities exist between the US and the UK media a content analysis is performed on three British newspapers to test the predictions of Herman and Chomsky s media model The results of this case study reveal strongly that asylum immigration themes useful to the UK political elites are highly visible despite their lack of statistical relevance whereas fundamental issues damaging to this group are minimised or ignored This work therefore concludes that the UK mainstream media is flawed as a conduit of information concerning asylum and immigration issues due to its lack of structural independence from the agenda of the political elite The thesis closes with an overview of organisations attempting to challenge these flaws
