Agricultural Research Council Research Fellowship at Christ s College Cambridge Later in 1981 when I was a Visiting Fellow  
in the Department of Biochemistry University of Cambridge and renewed my contacts with Christ s College my friend and  
colleague David Coombe a Fellow of Christ s College informed me that a collection of letters of Charles Darwin had just been  
covered in the Library storeroom underneath the College I had always maintained an interest in Charles Darwin from the  
early age of thirteen when I had rst read his books with I might say some dif culty This collection was the 155 letters of  
Charles Darwin to his second cousin William Darwin Fox which had been given in trust to the College in 1909 by members of  
the Fox family at the time of the Darwin Centenary celebrations I was allowed access to these 155 letters and at that time  
made my own tr scriptions It seemed to me that this was a magni cent account of the lives of two naturalists of the  
nineteenth century starting at the time that they were at Christ s together in 1828 and going to 1880 when W D Fox died just  
two years short of the death of Charles Darwin in 1882 Of course this valuable resource had not gone unnoticed before  
Darwin s son Francis Darwin had been given the letters in the 1880s when he was preparing his *Life and Letters of Charles*
