**The Witness and the Body in Auschwitz** Bozena Karwowska, 2023-10-16 The Witness and the Body in Auschwitz Early Literary Accounts of the Camp Experience examines bodily descriptions from early testimonies of concentration camp survivors focusing on questions related to meanings of corporeality as well as to Holocaust researchers and links the discourse of the body with a social cartography of the Auschwitz camp complex The heart of the book is comprised of memory based texts written by survivors in the early years after the war The early texts discussed were written in Polish and while some became internationally recognized others remain virtually unknown especially outside of Poland These early memoirs and literary works help navigate the space of the Auschwitz camp complex from the perspective of the victims based on their experiences and decipher those areas devoid of narratives spaces of total annihilation Literary accounts and early testimonies allow us to map the space of the camp differently than through the documents produced by the Nazi perpetrators Such a social cartography also includes specific gendered differences and allows Karwowska to critically analyze sensitive questions related to the body gender and sexuality of a prisoner **Genocide and Gender in the Twentieth Century** Amy E. Randall, 2015-10-29 CHOICE Outstanding Academic Title 2016 Genocide and Gender in the Twentieth Century brings together a collection of some of the finest Genocide Studies scholars in North America and Europe to examine gendered

discourses practices and experiences of ethnic cleansing and genocide in the 20th century It includes essays focusing on the genocide in Rwanda the Armenian genocide in the Ottoman Empire the Holocaust and ethnic cleansing and genocide in the former Yugoslavia The book looks at how historically and culturally specific ideas about reproduction biology and ethnic national racial and religious identity contributed to the possibility for and the unfolding of genocidal sexual violence including mass rape The book also considers how these ideas in conjunction with discourses of femininity and masculinity and understandings of female and male identities contributed to perpetrators tools and strategies for ethnic cleansing and genocide as well as victims experiences of these processes This is an ideal text for any student looking to further understand the crucial topic of gender in genocide studies *Smoke Over Birkenau.
