Spies For The Blue And Gray:

Spies for the Blue and Gray Harnett Thomas Kane, 1954 The civilian spies and secret agents described are Rose O Neal Greenhow Allan Pinkerton Mrs E H Baker Timothy Webster Lafayette C Baker Belle Boyd Walter Bowie Pauline Cushman Philip Henson Spencer K Brown Elizabeth Van Lew Sam Davis Ginnie and Lottie Moon *Deeds of Daring by Both Blue and Gray* D. M. Kelsey, 1886 *Spying in America* Michael J. Sulick, 2014-01-15 Can you keep a secret Maybe you can but the United States government cannot Since the birth of the country nations large and small from Russia and China to Ghana and Ecuador have stolen the most precious secrets of the United States Written by Michael Sulick former director of CIA s clandestine service Spying in America presents a history of more than thirty espionage cases inside the United States These cases include Americans who spied against their country spies from both the Union and Confederacy during the Civil War and foreign agents who ran operations on American soil Some of the stories are familiar such as those of Benedict Arnold and Julius Rosenberg while others though less well known are equally fascinating From the American Revolution through the Civil War and two World Wars to the atomic age of the Manhattan Project Sulick details the lives of those who have betrayed America s secrets In each case he focuses on the motivations that drove these individuals to spy their access and the secrets they betrayed their tradecraft or techniques for concealing their espionage their exposure and punishment and the damage they ultimately inflicted on America s national security Spying in America serves as the perfect introduction to the early history of espionage in America Sulick s unique experience as a senior intelligence officer is evident as he skillfully guides the reader through these cases of intrigue deftly illustrating the evolution of American awareness about espionage and the fitful development of American counterespionage leading up to the Cold War *North Carolina Women* Michele Gillespie, Sally G. McMillen, 2014 This first of two volumes on North Carolina women chronicles the influence and accomplishments of individual women from the pre Revolutionary period through the early 20th century They represent a range of social and economic backgrounds political stances areas of influence and geographical regions within the state Even though North Carolina remained mostly rural until well into the twentieth century and the lives of most women centered on farm family and church Gillespie and McMillen note that the state s people exhibited a progressive streak that positively influenced women Public funds were set aside to advance statewide education private efforts after the Civil War led to the founding of numerous black schools and colleges and in 1891 the General Assembly chartered the State Normal and Industrial School later UNC G as one of the first publicly funded colleges for white women By the late 19th century as several essays in this volume reveal education played a pivotal role in the lives of many white and black women It inspired their activism and involvement in a world beyond their traditional domestic sphere *Women of the Blue & Gray* Marianne Monson, 2018 North South black white Native American immigrant the women in these micro biographies were wives mothers sisters and friends whose purposes ranged from supporting husbands and sons during wartime to counseling

President Lincoln on strategy Monson brings to light the incredible stories of women from the Civil War that remain relevant to our nation today Adapted from jacket **The Blue and the Gray, Or, The Civil War as Seen by a Boy** A. R. White,1899 **Women on the Civil War Battlefield** Richard Hall,2006 Drawing on a wealth of regimental histories newspaper archives and a host of previously unreported accounts Hall shows that women served in more capacities and in greater number perhaps several thousand than has previously been known They served in the infantry cavalry and artillery and as spies scouts saboteurs smugglers and frontline nurses From all walks of life they followed husbands and lovers into battle often in male disguise that remained undiscovered until they were wounded or gave birth and endured the same hardships and dangers as did their male counterparts **Women who Spied for the Blue and the Gray** Oscar Arvle Kinchen,1972 Here is a lively account of an interesting and relatively little known aspect of the Civil War The women whose exploits are documented in these pages were dedicated shrewd and highly courageous and the fact that there were women in those days of the helpless female who made real contributions to the war effort is an extremely timely issue in itself It is interesting to note that the courtly manners of the day turned out to be very useful to the woman spies The average man was loath to go on record as being harsh in his treatment of women Even the roughest and crudest of men were obligated to treat their women folk with an acceptable standard of conduct The accounts are well written authentic and consistently hold the reader's interest Aside from interest in each separate episode the material as a whole gives a colorful portrait of the war era appealing in the relative unsophistication of spying techniques and in the opportunities for intense highly productive commitment to a national cause on the part of anyone with motivation and intelligence to take advantage of them Jacket Jet ,1954-11-18 The weekly source of African American political and entertainment news University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System).
