The Spirit of Abstract Expressionism Elaine De Kooning, 1994 Gathered here are 28 essays which provide insight into the spirit of abstract expressionism ~**THEœ SPIRIT OF ABSTRACT EXPRESSIONISM.** ,1994 **Spirit, Time, and Abstract Expressionism** Donald James Ratz, 1956 The spirit of the baroque in abstract expressionism Robert Overton Wright, 1963 *The Spiritual Dynamic in Modern Art* C. Spretnak, 2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art **Art as Abstract Machine** Stephen Zepke, 2014-02-04 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company Abstract Art & the Rediscovery of the Spiritual A. Papadakēs, 1987 New Geographies of Abstract Art in Postwar Latin America Mariola V. Alvarez, Ana M. Franco, 2018-09-27 This edited volume examines the history of abstract art across Latin America after 1945 This form of art grew in popularity across the Americas in the postwar period often serving to affirm a sense of being modern and the right of Latin America to assume the leading role Europe had played before World War II Latin American artists practiced gestural and geometric abstraction though the history of art has favored the latter Recent scholarship for instance has focused on geometric abstraction from Argentina Brazil and Venezuela The book aims to expand the map and consider this phenomenon as it developed in neglected regions such as Central America and the Andes investigating how this style came to stand in for Latin American contemporary art **Perceptions of the Spirit in Twentieth-century American Art** Jane Dillenberger, John Dillenberger, Indianapolis Museum of Art, 1977 **Arts Yearbook** , 1961 **Collected Short Prose** John O'Loughlin, 2022-03-17 Having already published short stories or as John O Loughlin with his philosophical bias prefers to call them short prose in two volumes of *Collected Short Prose* viz *Two Sides of the Same Coin* *Tales Side Up* the former of which included as per custom back then an aphoristic appendix this author decided to republish them in one volume minus the aphorisms for convenience sake in the interests one might say of structural and thematic continuity together with a certain prosy purism that sets definite bounds to the scope and style of the contents dovetailed as they are into a somewhat voluminous but nonetheless highly accessible project whose material spans the period 1976 84 during which virtually all of his fictional writings including several novels or works of long prose were composed A Centretruths Editorial *The Spirit of Surrealism* Edward B. Henning, Cleveland Museum of Art, 1979 **Shining Spirit** Alison B. Amick, Oklahoma City Museum of Art, 2007 With styles ranging from traditional to abstract the works in this volume span late nineteenth century and twentieth century American art and include examples from both Europe and Latin America The common thread is excellence Many of the paintings play on the boundaries between reality and fantasy contain elements of humor or satire or are rendered in a highly colorful expressive style which does not directly imitate the natural world The Experience of Being Creative as a Spiritual Practice Peggy

Thayer, 2003 What is the spiritual nature of being creative This study is unique in bringing together personal descriptions from practicing artists writings from the growing literature on creativity as spiritual practice as well as the author's own understanding as a visual artist Through descriptions from ten practicing painters who consider their work a spiritual practice the spiritual essence of creativity begins to emerge This understanding finds roots as the writings of contemporary artists creativity theorists and philosophers from several spiritual traditions are explored This work elucidates not only the experience of being creative as a spiritual practice but the felt sense of creative experience and spiritual experience as well
