Spirit Journey:

Our Universal Spirit Journey John P. Cock, 2002-06 Cock's fourth book has a creational context for everyone's journey in an age of transformation. This book is an exuberant statement of the all-pervasive presence and power of spirit and its ever-present support for the Earth Venture and the Human Venture from the Foreword by Thomas Berry, noted Earth spokesperson and author.

Spiritpower John Barazzuol, 2008 *Spiritpower* is written for all those who are interested in exploring the field of spirit; it specifically appeals to those who have already begun an active search for their spirit. It offers support, encouragement, and direction to those who somehow got lost along the way yet still have a need for a life in the spirit. *Spiritpower* is composed of two texts: *The Manual* and *The Revolutionary Handbook* that are woven together into a single text. *The Manual* offers a step-by-step inner healing journey that takes the participant through the process of unification with the higher self or spirit within. While *The Manual* offers instructions on how to directly contact and develop an on-going relationship with the spirit, *The Revolutionary Handbook* informs on what to expect and what lies ahead in the new spiritual frontier. The handbook offers a survey of the future history of the inner spiritual life of the 21st century. The handbook prophesizes spiritual events of our century and is based on the vision of spirit beings living and working in and through the minds and bodies of their human counterparts.

Spiritual Oxygen Mark G. Boyer, 2025-10-22 The adjective spiritual refers to aspects of one's spirit. The idea that each person possesses an immaterial and immortal soul which is distinct from the body did not appear in Jewish biblical literature before the Babylonian exile. After interacting with Persian and Hellenistic philosophies, the word *nephesh* entered Hebrew, meaning living being, not the dichotomous Hellenistic meaning. Thus the biblical soul refers to a living, breathing, conscious body. According to biblical literature, God, like a potter, formed people from clay, dirt, and breathed divine breath into them. Spiritual oxygen refers to the divine breath or spirit given to all living beings. The Hebrew word *ruah*, which can be translated into English as breath, spirit, or wind, means that everything that breathes is inspirited. When a person breathes the colorless and odorless gas known as oxygen, one is simultaneously inhaling spirit. Thus biblical spirituality is the process of living one's life in relationship with God while breathing deeply of the divine spirit. Biblical spirituality for the twenty-first century consists of spirits, humans living and breathing Spirit, God, and being aware of the divine presence in which one lives and moves and has his or her being. This book explores that process.

Fleshing the Spirit Elisa Facio, Irene Lara, 2014-04-10 *Fleshing the Spirit* brings together established and new writers to explore the relationships between the physical body, the spirit, and spirituality and social justice activism. The anthology incorporates different genres of writing such as poetry, testimonials, critical essays, and historical analysis and stimulates the reader to engage spirituality in a critical, personal, and creative way.
