*Spirituality and Social Justice* explores how critically informed spirituality i e spirituality grounded in a critical social work framework theory serves as a political force and an inspiration in the pursuit of social and ecological justice in the social work profession Writing from various spiritual and religious backgrounds including Indigenous Wiccan Islamic and Christian the contributors social work practitioners and academics alike draw on spiritual practices lived experiences research and literature to illuminate how spirituality orients their ways of being and acting in the world to build a kinder fairer and more egalitarian society Arguing for a critical conceptualization of spirituality as the practice of ethical relations and moral accountability this collection raises the spiritual challenge for the social work profession of facing historical and contemporary forms of the colonization of Indigenous Peoples and moving toward ally ship and solidarity with them Furthermore this collection highlights the indivisibility of spirituality from the everyday efforts to pursue social justice through right relationships and individual and collective actions thereby challenging the notion that social work practice requires one to leave one s faith and spirituality at the door to be an unbiased practitioner and embracing the fact that one s spirituality is at the core of who one is It also accentuates how spirituality in the quest for social justice is actualized Part One foregrounds Indigenous spirituality as resistance and decolonization Part Two further explores the complex subject of the ethical and political dimensions of spirituality from a variety of spiritual and religious worldviews and Part Three delves into spirituality in teaching and learning contexts both inside and beyond the social work classroom

Justice for Victims Inge Vanfraechem,Antony

Pemberton, Felix Ndahinda, 2014-06-27 *Justice for Victims* brings together the world's leading scholars in the fields of study surrounding victimization in a pioneering international collection. This book focuses on the current study of victims of crime combining both legal and social scientific perspectives articulating both in new directions and questioning whether victims really do have more rights in our modern world. This book offers an interdisciplinary approach covering large scale political victimization, terrorist victimization, sexual victimization and routine victimization. Split into three sections, this book provides in depth coverage of victims rights, transitional justice and victims perspectives and trauma, resilience and justice. Victims rights are conceptualised in the human rights framework and discussed in relation to supranational, international and regional policies. The transitional justice section covers victims of war from those caught between peace and justice as well as post conflict justice. The final section focuses on post traumatic stress connecting psychological and anthropological perceptions in analysing collective violence, mass victimization and trauma. This book addresses challenging and new issues in the field of victimology and the study of transitional and restorative justice. As such it will be of interest to researchers, practitioners and students interested in the fields of victimology, transitional justice, restorative justice and trauma work.

**The Spiritual Roots of Restorative Justice** Michael L. Hadley, 2001-02-08 Explores the concept of Restorative Justice in diverse spiritual traditions

**Religion and Social Justice** S. Thakur, 1996-10-04 This book is a philosophical examination of the relationship between religion and social justice. Its main thesis is that since the primary purpose of religion is the moral and spiritual transformation of human nature it ought not to be construed as a direct instrument of social justice on earth as it is by Liberation theologians for example as well as by many liberal Christians and Jews. Indirectly however religion may well be a pre condition of social justice. For it can be argued that without the counteracting effects of the moral and spiritual values prescribed by religion the liberal vision of individual rights and social justice may be self defeating. Humanity is best served if this liberal vision is counterbalanced by the completely contrary utopia enshrined in the biblical idea of the kingdom of God and its equivalents in the other great religions of the world

**Trust and Obey** Ken Sehested, 1987

*Spirituality in the Workplace: A Philosophical and Social Justice Perspective* Marilyn Y. Byrd, 2017-01-11 Missing from the discourse on spirituality are the injustices experienced in the workplace particularly by individuals marginalized by social group identity or affiliation. This is a critical omission in that spirituality can stimulate reflection, response, healing and transformation of the soul. Filling the gap by addressing the role of spirituality in relation to meaningful work, this volume extends ideas about teaching and learning about spirituality to workplace settings including the transformative learning theory. In seeking ways to promote moral and socially responsible workplaces and to establish a new way of thinking, the volume lays down a philosophical framework for spirituality in the workplace as a means of emancipation and social justice and shows how the workplace can be a fruitful context for social justice education. This is the 152nd volume of the Jossey Bass series *New Directions for Adult and Continuing Education*. Noted for its depth of coverage it explores

issues of common interest to instructors administrators counselors and policymakers in a broad range of education settings such as colleges and universities extension programs businesses libraries and museums A Spirituality for Doing Justice Dennis A Jacobsen,2021-02-02 Dennis Jacobsen brings his many years of experience doing congregation based organizing for justice into conversation with unique spiritual reflections Jacobsen has learned along the way that deeper reflection must precede organizing action He says As I age I have respect for those who faithfully enter the inner room of their soul to meet and love God Social action is messy and disruptive and noisy Jacobsen turns to his work creating and meditating on icons to connect biblical themes and Christian personalities to guide those who are preparing for congregation organizing and faith based social action His unique perspectives help anyone engaged in such work go deeper in prayer and devotion before diving into the messy work of organizing This book follows his first volume Doing Justice Congregations and Community Organizing in which Jacobsen explored biblical and theological reasons congregation based organizing offers a faithful way of living out the teachings of Jesus In this new volume he seeks to integrate spiritual practices reflections on iconography in particular that he claims are foundational to congregation based community organizing The book includes introductory chapters to describe his own spiritual practice around icons several chapters on different figures and what can be learned or gleaned from them as one prepares for justice work The final section provides a month long daily office for doing justice which participants may adopt in their life of prayer and faithful reflection *The Claim of Justice in Third Millennium* George Therukattil,2000 With reference to India *Spirituality of Social Justice* Jane Mather Doyle,1999 Beyond Piety Gilberto Cavazos-Gonzalez,2010-08-01 Who doesn t want a liberated life Jesus offers us liberation as we grow in a Christian spiritual life But first we need to liberate our concept of Christian Spirituality from ideas that relegate it to Church on Sunday new age self help devotional or ascetical practices or fundamentalist aggression Traditionally Christian spirituality liberates Jesus disciples from personal sin and helps them to challenge sin s social consequences so that once liberated they will work to liberate others Christian spirituality living the Gospel brings good news for the poor liberty for the captives recovery of sight for the blind and freedom for the oppressed This is what Jesus came to do and this is what we as his disciples are called to do as we live our Christian callings in the world Whether we are at home work or play we are called to be Christian Beyond Piety invites readers to grow in their understanding of what it means to be a disciple of Christ More than a book on Franciscan or Hispanic Spirituality this book is about the Christian Spirituality all Christians are called to live It is about our human and Christian identity and the God we believe in It is about getting to know the Word of God and letting that Word get to know us It is about worship and religious devotion and moving beyond piety to Christian action It is about the call to justice and liberation **Philippine Studies** ,1986
