## **Spirituality And The Secular Quest:**

**Spirituality and the Secular Quest** Peter Higbie Van Ness,1996 Eminent scholars shed light on the beliefs and practices of large numbers of people who describe themselves as spiritual even though they acknowledge no strong bond of doctrine or community with any historical religion Topics covered include feminism environmentalism gay liberation 12 step programs therapy mountain climbing chiropractic painting nature study playing computer games *Spiritual Exercises for a Secular Age* Ryan G. Duns,2020 [Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada](#) Steven M. Studebaker,2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society

*Spiritual Exercises for a Secular Age* Ryan G. Duns, SJ,2020-09-30 In A Secular Age Charles Taylor faced with contemporary challenges to belief issues a call for new and unprecedented itineraries that might be capable of leading seekers to encounter God In *Spiritual Exercises for a Secular Age* Ryan G Duns demonstrates that William Desmond s philosophy has the resources to offer a compelling response to Taylor To show how Duns makes use of the work of Pierre Hadot In Hadot s view the point of philosophy is not to inform but to form that is not to provide abstract answers to abstruse questions but rather to form the human being such that she can approach reality as such in a new way Drawing on Hadot Duns frames Desmond s metaphysical thought as a form of spiritual exercise So framed Duns argues Desmond s metaphysics attunes its readers to perceive disclosure of the divine in the everyday Approached in this way studying Desmond s metaphysics can transform how readers behold reality itself by attuning them to discern the presence of God who can be sought and disclosed through all things in the world *Spiritual Exercises for a Secular Age* offers a readable and engaging introduction to the thought of Charles Taylor and William Desmond and demonstrates how practicing metaphysics can be understood as a form of spiritual exercise that renews in its practitioners an attentiveness to God in all things As a unique contribution at the crossroads of theology and philosophy it will appeal to readers in continental philosophy theology and religious studies broadly *The Wiley Blackwell Handbook of Humanism* Andrew Copson,A. C. Grayling,2015-04-27 The Wiley Blackwell Handbook of Humanism presents an edited collection of essays that explore the nature of Humanism as an approach to life and a philosophical analysis of the key humanist propositions from naturalism and science to morality and meaning Represents the first book of its kind to look at Humanism not just in terms of its theoretical underpinnings but

also its consequences and its diverse manifestations Features contributions from international and emerging scholars plus renowned figures such as Stephen Law Charles Freeman and Jeaneane Fowler Presents Humanism as a positive alternative to theism Brings together the world's leading Humanist academics in one reference work The Search for Spirituality Ursula King, 2011-02 Full of vision hope and inspiration this profound and passionate manifesto provides a fascinating overview of the incredibly rich and diverse spiritual landscapes of the world feeding a deep longing for a life of wholeness and meaning and a society of greater peace and justice Drawing from a wide variety of faiths and secular traditions this book looks at cultural diversity and religious pluralism clarifies the meaning of spirituality in different languages faiths and societies and shows how numerous new approaches to spirituality have emerged Also explored are the spiritual dimensions

Spirituality in the Selfie Culture of Instagram Petra P. Sebek, 2019-03-22 This explorative study of personal spiritual expressions on Instagram generated important data in relation to the emerging field of cyberspirituality and showed the need for further development and research The book reveals several forms of spirituality present on Instagram mainly belonging to secular spirituality Many spiritual practices emerged in posts from all over the world demonstrated through photography as spiritual practice The Internet and social media in particular present an opportunity for individuals and communities to develop spiritual narrative when communicating online especially with young people who are more likely to express themselves as spiritual but not religious Spiritual authenticity on social media as a part of building spiritual capital is an important step *My Year of Living Spiritually* Anne Bokma, 2019-10-26 In 2017 Anne Bokma embarked on a quest to become a more spiritual person After leaving the fundamentalist religion of her youth she became one of the eighty million North Americans who consider themselves spiritual but not religious the fastest growing faith category In mid life she found herself addicted to busyness drinking too much hooked on social media dreading the empty nest and still struggling with alienation from her ultra religious family In response she set out on a year long whirlwind adventure to immerse herself in a variety of sacred practices each of which proved to be illuminating in unexpected ways to try to develop her own definition of what it means to be spiritual In *My Year of Living Spiritually* Bokma documents a diverse range of soulful first person experiences from taking a dip in Thoreau's Walden Pond to trying magic mushrooms for the first time booking herself into a remote treehouse as an experiment in solitude singing in a deathbed choir and enrolling in a week long witch camp in an entertaining and enlightening way that will compel readers non believers and believers alike to try a few spiritual practices of their own Along the way she reconsiders key relationships in her life and begins to experience the greater depth of meaning connection gratitude simplicity and inner peace that we all long for Readers will find it an inspiring roadmap for their own spiritual journeys **The Quest**, 1995 **Spirituality and Society in the New Millennium** Ursula King, Tina Beattie, 2001 In this text scholars of theology and religion explore the dynamics of different spiritual beliefs and practices and their effects on society The introductory essay examines the many understandings of spirituality and looks at spirituality as a

personal quest and a new academic field      *Modern Christian Spirituality* Bradley Hanson,1990 The thirteen essays in this collection fall into two sections The first section presents essays on the nature of spirituality and appropriate methods for its study while a second section includes historical studies of particular persons and movements within Christian spirituality Contributors include Ewert Cousins Carlos M N Eire Diogenes Allen Eric Lund and David Trickett      Religion and Politics in the Contemporary United States R. Marie Griffith,Melani McAlister,2008-06-09 This collection of essays from a special issue of American Quarterly explores the complex and sometimes contradictory ways that religion matters in contemporary public life Religion and Politics in the Contemporary United States offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies The contributors explore numerous modes through which religious faith has mobilized political action They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture Their work includes the political activities of a very diverse group of religious believers Christians Jews Muslims Hindus Buddhists and others In addition the book explores the meanings of religion for people who might contest the term those who are spiritual but not religious for example as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion Several essays also examine the meanings of secular identity humanist politics and the complex evocations of civil religion in American life No other book on religion and politics includes anything like the diversity of religions ethnicities and topics that this one does from Mormon political mobilization to attempts at Americanizing Muslims in the post 9 11 United States from C sar Ch vez to James Dobson from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States      **Death and Dying, Spirituality, and Religions** Lucy Bregman,2003 The death awareness movement provides a new language for speaking about death and dying by stressing death dying and bereavement as meaningful human experiences beyond their medical context This movement appears secular and detached from religion although its advocates embrace spirituality However is this separation from religion realistic Death and Dying Spirituality and Religions refutes that view and undermines the popular opposition between spirituality and religion The death awareness movement is deeply indebted to popular Christianity Judaism and Buddhism as well as tribal religions for their ideas and images Urging a thoughtful theological response this book illustrates how such diverse religious legacies contribute to contemporary views of death and dying      *Studies in Formative Spirituality* ,1982      Confucian Spirituality Weiming Tu,Mary Evelyn Tucker,2003 One of the most important works on Confucian religion ethics and spirituality The vibrant nature of the 2500 year old Confucian tradition is celebrated here Insights into this spiritual richness regarding topics such as self cultivation education family relationships social commitment and political engagement are now available for the first time in English      Journal of Religious Studies ,1999      **Encyclopedia of Women and World Religion: L-Y. Index** Serinity Young,1999      **Considering Spiritual Quest in Four Novels by Jane Austen** Paula Ashley Harris,2000

**American Book Publishing Record** ,1996-05      *Encyclopedia of New Religions* Christopher Hugh Partridge,2004 A  
comprehensive and authoritative guide to over 200 new religions sects and alternative spiritualities
