The Effects of Religious Preference and the Frequency of Spirituality on the Retention and Attrition Rates Among Injured Soldiers Steven L. Jordan,2008-02 Using a quantitative causal comparative approach the researcher conducted a relational study that compared injured and rehabilitated soldiers with no religious foundation to similar soldiers possessing religious preferences and spirituality The two primary research questions were a Does religious preference and spirituality have a positive impact on the retention and attrition rates of injured soldiers b Does an injured soldier s frequency of spirituality increase the likelihood of being returned to initial entry training The study addressed several possible variables among these were the importance of religious preference and spirituality in returning injured soldiers to training the determination of a soldier s level of spirituality and its healing impact spirituality s effect on the injured soldier s psychotherapy and other related demographic factors

The Spiritual Language of Art: Medieval Christian Themes in Writings on Art of the Italian Renaissance Steven F.H. Stowell,2014-11-13 Analyzing the literature on art from the fifteenth and sixteenth centuries *The Spiritual Language of Art* explores the complex relationship between visual art and spiritual experiences during the Italian Renaissance Though scholarly research on these writings has predominantly focused on the influence of classical literature this study reveals that Renaissance authors consistently discussed art using terms concepts and metaphors derived from spiritual literature By examining these texts in the light of medieval sources greater insight is gained on the spiritual nature of the artist s process and the reception of art Offering a close re readings of many important writers Alberti Leonardo Vasari etc this study deepens our understanding of attitudes toward art and spirituality in the Italian Renaissance

Spiritual Meaning of Numbers Trevor Ross,2015-03-12 What do pineapples sunflowers star fish pinecones snails pedals on many flowers a nautilus shell and the family tree of honeybees all have in common All of these things as well as others possess a mysterious numerical pattern known as the Fibonacci Sequence Even bones in the human hand and the shape of an ear follow this numerical pattern An ordered system of numbers permeates and is embedded in the

universe In fact if there is no order with numbers no times dates or years our society would descend into chaos The number system is inherent to our understanding of the world around us and structure of existence This book will journey beneath the surface to examine what is behind the world of numbers Seeking out matters of truth is important as we all have a finite time on this earth and we don't know when it will end For many life is much shorter than anticipated Like the writer of Ecclesiastes 9:12 says Moreover no man knows when his hour will come As fish are caught in a cruel net or birds are taken in a snare so men are trapped by evil times that fall unexpectedly upon them Yet life is often approached too casually with little or no thought that our time here could end suddenly and unexpectedly It is prudent to heed the words of Scripture as recorded in Psalm 90:12 Teach us to number our days aright that we may gain a heart of wisdom Trevor Ross lives with his wife Monica in Toronto Canada He is an elementary school teacher and completed his Masters of Theology Studies from Tyndale Seminary

Your Days Are Numbered Michael A. Price, 2011-04-13 It is hopeful that this present work should be a blessing to those who read it When the writer of this book started taking notes and studying the various numbers in scripture it was his initial desire to know and to understand the God of the Bible in a deeper way This work has been in the making for twenty plus years Yet there still remains an insurmountable amount of evidence which suggests that God's ways are past finding out by the human mind and intellect God is Spirit and He must be contacted by the spirit of man for a fuller revelation of His awesome glory and majesty The subject of numbers in scripture has proven to be a fascinating endeavor but at the same time never ending because of the continuous revelation of always discovering new

meanings and new numbers to contemplate by the spirit Illustrations are continually being discovered It would be irreverent to suppose that this work could be complete for it would assume that the wonders of the Creator as manifested through numbers in scripture could be all discovered May this modest work be to the praise and glory of the One and Only True God
