according to God's standards Grab your copy today and let God bless you as you delve into the messages contained within this book **Your Spiritual Ambition Actually Masks Worthiness Wounds** Mae Collinsworth,2026-01-31 This book explores how spiritual frameworks around motivation and success can replicate achievement culture through elevated language manifesting your dreams aligning with higher purpose becoming your best self It examines the ways spiritual motivation often functions as sophisticated worthiness seeking the belief that you must constantly evolve to deserve existence that rest requires spiritual justification that your value emerges from fulfilling potential rather than simply being The text questions whether spiritual paths to success offer genuine liberation or repackage striving in more palatable terms Rather than providing spiritual techniques to enhance motivation or manifest goals the book explores what permission to stop striving would actually look like without needing spiritual reasons to justify rest or contentment It examines patterns spiritual motivation culture enables treating lack of ambition as energetic blockage rather than wisdom pathologizing satisfaction as settling for less using manifestation practices to avoid accepting present reality What does your constant spiritual self improvement reveal about unhealed beliefs regarding your inherent worth Through compassionate psychological insight the text explores differences between genuine spiritual alignment and spiritualized achievement addiction It examines what actually allows resting in inherent worth versus what keeps you performing spiritual growth as worthiness proof This explores spiritual motivation not as path to success but as potential signal of deeper wounds around deserving and what authentic spiritual maturity might look like when separated from achievement frameworks entirely
