Spirituality Of The German Awakening:

The Spirituality of the German Awakening August Tholuck, 2003 This volume introduces readers to the faith and work of four figures of the 19th century revival movement called the German Awakening August Tholuck 1799 1871 Johann Hinrich Wichern 1808 1881 Theodor Fliedner 1800 1864 Friedrich von Bodelschwingh 1831 1910 The German Awakening engendered a spirituality that fostered human kindness grounded it in awakened faith and gave it the shape of loving service to society This remarkable and unique scholarly contribution translates the majority of its materials for the first time in English includes a variety of spiritual genres sermons hymns commentaries mission statements etc The German Awakening Andrew Kloes, 2019 Inhaltsverzeichnis The history of the concept of religious awakening in German Protestantism Religious enlightenment and awakening historical consciousness and Protestant identity The awakening and preaching The awakening and theology The awakening and new religious societies for Evangelism The awakening and new religious societies for social reform **Reclaiming Pietism** Roger E. Olson, Christian T. Collins Winn, 2015-01-08 The historical movement known as Pietism emphasized the response of faith and inward transformation as crucial aspects of conversion to Christ Unfortunately Pietism today is often equated with a holier than thou spiritual attitude religious legalism or withdrawal from involvement in society In this book Roger Olson and Christian Collins Winn argue that classical historical Pietism is an influential stream in evangelical Christianity and that it must be recovered as a resource for evangelical renewal They challenge misconceptions of Pietism by describing the origins development and main themes of the historical movement and the spiritual theological ethos stemming from it The book also explores Pietism's influence on contemporary Christian theologians and spiritual leaders such as Richard Foster and Stanley Grenz Watch a 2015 interview with the authors of this book here Working for the Public Good Leslie F. Weber Jr., 2025-10-21 Weber demonstrates conclusively that despite historical critiques of quietism European Lutherans developed a social ethics in the centuries following the Reformation that brought about fundamental systemic and structural changes in social services law education health care the formation of states and nations and public morality Those changes eventually led to the development of the welfare state In so doing Weber challenges interpretations by scholars such as the German Lutheran theologian Ernst Troeltsch who argued that Lutheran theology created a church operating at a remove from society's pressing questions Weber's comprehensive coverage of northern European society from the Reformation era through the nineteenth century utilizes the tools of sociology theology history and ethics to demonstrate that Lutheran ethical theory a Lutheran understanding of the social order and Lutheran social reforms lie at the heart of modern European social institutions Grounded in a Lutheran ethic of faith active in love for the neighbor Lutheran ethics transformed the household and polity developed government care for the poor protected public health and promoted social welfare within a new moral and legal order that continues to underpin contemporary social democracy across northern Europe Women, Religion, and Emotions in Modern Germany and Beyond

Lisa Fetheringill Zwicker, Martina Cucchiara, 2025 Analyzes the role of emotions in the religious lives of women from across Germany and Europe from the nineteenth century to the 1970s Scholarship on women and religion has focused primarily on the intersection between women's religious engagement and their emancipation This volume goes beyond that to examine the vital role religion has played in the private and public lives of German and European women Because emotions are central to the expression of religiosity it draws on approaches from the history of emotions to examine how women understood felt and practiced religion in their search for meaning Spanning from the nineteenth century to the 1970s the volume's essays show how religion helped women make sense of their lives It also illuminates the degree to which women used religion and its attendant emotional scripts to shape modern society and how religious discourses in turn shaped women's emotions and comportment in the public sphere The volume builds on recent research that shows that religion especially the religiosity of women remained a pressing public concern in modern Europe From anxieties over the religiosity of Bavarian servants to restrictive norms imposed on Jewish widows from the interfaith commitments of kindergarten teachers to the autobiographical narratives of aspiring Protestant deaconesses from the suffering of stigmatics in Germany and Belgium to Irish women's public narratives of their religiosity this book reveals how women's faith and attendant religious emotions have been central to their public and private lives

The Banner of Sovereign Grace Truth, 2002 [Transatlantic Religion](#), 2021-09-27 Transatlantic Religion offers a new perspective on nineteenth century American Christianity that takes into account the century's major transformations in politics philosophy education and religious doctrine The book includes previously unexamined material to explain the influences of European ideas on the intellectual diversity and cultural specifics of American Christianity It gives readers access to a new analytical approach to the transatlantic development of religion in America one that acknowledges the role of ecumenical and partisan religious journalism academic religious mentoring profound changes in the field of scientific inquiry and the aims of institution builders Contributors are Annette G Aubert Lee C Barrett Elizabeth A Clark Andrew Z Hansen Charlotte Hansen George Harinck Paul E Kerry Andrew Kloes David Komline Hartmut Lehmann Mark A Noll C Michael Shea Timothy Verhoeven Zachary Purvis
