industrialists recognized organized labor as the most serious threat to national security Moreover communications between US Ambassador to Uruguay Ernest V Siracusa and US Secretary of State Henry Kissinger showed the dictatorship s primary concern was to repress the surging labor movement rather than confronting a waning Tupamaro guerrilla movement The FAU s anarchist activism within this broader climate of worker revolt threw a wrench in the 1970s neoliberal experiments in Latin America that later migrated north to impoverish American workers from the 1980s until today **Film History** ,2002
