Spoken Egyptian Arabic, 1937 Spoken Egyptian Arabic Samia Mehrez, 1985 by Samia Mehrez of Cornell University
This course is primarily concerned with developing oral skills The entire text is in transliteration Arabic script is not used so your attention is focused exclusively on mastering a new and intricate phonetic system This program is designed to bridge the gap that exists between highly technical Arabic grammars meant for the specialized student of Arabic and simple phrasebooks of basic sentences that are unsatisfactory for the purpose of real communication The course has been tested with a group of foreign engineers and business people in Cairo and the recordings have been used successfully in the language laboratory with foreign university students 250 p text **Spoken Egyptian Arabic** James Heyworth-Dunne, 1961

Conversational Arabic Quick and Easy Yahir Nitzany, 2015-07-25 Have you always wanted to learn how to speak Egyptian Arabic but simply didn't have the time Look no further You hold in your hands the most revolutionary method that was ever designed for QUICKLY becoming conversational in a language In creating this time saving program master linguist Yahir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations Through various other discoveries about how real conversations work that are detailed further in this book Nitzany created the necessary tools for linking these words together in a specific way to become fluent NOW If your desire is to learn complicated grammatical rules or to speak Shakespearean Arabic this book is NOT for you However if you need to actually hold a conversation whilst on a trip to Egypt to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible then the Nitzany Method is what you have been looking for This book is recommended for those who already have prior knowledge in pronunciation of Arabic accents such as the Arabic accents ayin ghayn ha and khaf For those of you that DO NOT this book does indeed provide some great in depth techniques page 15 as to the pronunciation and recognition of these accents that you will encounter throughout the program These techniques have proven extremely beneficial for beginner students who were previously unfamiliar with these accent pronunciations In Egyptian dialect verb conjugation is irregular and this book will NOT teach you those skills since this is NOT a grammar book In most languages including Classical Arabic a conjugated verb is always followed by an infinitive verb but this is NOT the case in the colloquial Arabic since every verb in the sentence must be conjugated Keep in mind that Egyptian Arabic is not an official language but rather is a colloquial dialect The purpose of my method is solely to give you the tools to create your own sentences in order to become conversational while in regards to grammar pronunciation etc you are on your own This method is designed for fluency in a foreign language while communicating in the first person Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away Therefore unlike other courses all words in this program are taught in English transliteration without having to learn a complex foreign alphabet More formalized training in grammar rules

learning to write in a foreign alphabet etc can all come later The first in a series of instructional language guides the Nitzany Method s revolutionary approach is the only one in the world that uses it s unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible No more depending on volumes of books of fundamental beginner intermediate and advanced levels all with hundreds of pages in order to learn a language With Conversational Arabic Quick and Easy all you need is 45 pages This book has proven useful for beginners intermediate and advanced speakers of the Arabic language Learn the Egyptian dialect today not tomorrow and get started NOW Note from the Author Please start at the beginning of program page 16 and fully master one page at a time prior to proceeding to the next otherwise you will overwhelm yourself and fail *Handbook of spoken Egyptian Arabic* John Selden Willmore,1903

Egyptian Arabic Diaries Matthew Aldrich,2016-02-16 The goal of Egyptian Arabic Diaries is to provide intermediate and advanced learners with authentic materials to practice both reading and listening skills in authentic Egyptian Colloquial Arabic ECA The twenty texts that appear in this book have been written and recorded by native speakers from around Egypt The texts have been dubbed diary entries although they are actually short personal essays that the contributors have chosen to share with learners of their language Each diary entry appears in various forms to allow you to study the language from a variety of focal points The unvoveled Arabic text provides realistic reading practice Although ECA has no official rules of orthography there are spelling conventions which are widely agreed upon by most Egyptians Still there remain differences in personal preferences especially when it comes to the spelling of conjugated verbs and function words such as prepositions conjunctions and pronouns Some try to preserve the spelling used in Modern Standard Arabic MSA as much as possible while others prefer to represent the actual sounds of ECA Many people tend to be inconsistent even in their own spelling as they are basically sounding things out as they go To keep all this a bit neater Lingualism has adopted a consistent orthography based on the most popular spelling conventions The English translation stays true to the original Arabic sentence by sentence making it easy to find the corresponding translation The translation can be used to compare similarities and differences between the style and structure of sentences in the two languages The handwritten text is an invaluable addition to the materials allowing you to familiarize yourself with natural Arabic handwriting You can try your best to decipher the handwritten words and then compare them to their typed counterparts progressively improving your ability to read handwriting by various individuals You can also copy or trace traits of the handwritten letters to make your own handwriting more natural The voveled text is found in the left most column of the three column in depth study section Every effort has been made to provide systematic and accurate vowelings tashkeel Keep in mind that Arabic script as it is written by Egyptians does not always represent the

actual sounds Vowels may be shortened elided or even inserted in places The phonemic transcription allows for close study of the actual pronunciation Even if you prefer the Arabic script you will find it well worth your time to familiarize yourself with Linguistics phonemic transcription system Using the phonemic transcription allows you to better understand the sound patterns in ECA thereby improving your own pronunciation The word by word translations act as a glossary You can easily find the literal meaning of every word without having to search through lists of words And more than just a glossary the word by word translations give you a better understanding of the grammar and style of Arabic Try reading these English sentences out loud They will sound quite strange but this will help you get used to the logic of Arabic sentences Notes are referenced with an asterisk under a column s number and follow the three column section These notes highlight interesting points of grammar and vocabulary *The Spoken Arabic of Egypt* John Selden Willmore,1901 **Colloquial Arabic of Egypt** Jane Wightwick,Mahmoud Gaafar,2004 This new edition of Colloquial Arabic of Egypt has been completely revised and updated to make learning Egyptian Arabic easier and more enjoyable than ever before Specially developed by experienced teachers for self study and class use this course offers you a step by step approach to spoken Egyptian Arabic the most widely understood dialect in the Arab World No prior knowledge of the language is required By the end of this course you will be able to communicate confidently and effectively in Egyptian Arabic in a broad range of everyday situations BOOK JACKET
