The Ohio Teacher ,1921 **Teachers' Monographs** ,1919 **Euripides and Quotation Culture** Matthew Wright,2024-07-11 Presenting a new approach to Euripides plays this book explores the playwright s ancient tragedies in relation to quotation culture Treating extant works and lost works side by side Matthew Wright presents a selective survey of ways in which Euripidean tragedy was quoted within antiquity both in social contexts on the comic stage at symposia in law courts in education and in different literary genres drama biography oratory philosophy literary scholarship history and anthologies There is also a discussion of the connection between quotability and classic status where Wright asks what quotations can tell us about ancient reading habits The implication is that Euripides actively participated in quotation culture by deliberately making certain portions of his plays stand out as especially quotable Within classical antiquity Euripides was the most widely quoted author apart from Homer His plays are full of quotable quotes which were repeated so often that they acquired a life of their own Hundreds of famous verses from Euripidean drama circulated widely within the ancient world even after the plays in which they originally featured became forgotten or vanished completely Indeed the majority of Euripides tragedies now survive only in the form of scattered quotations otherwise known to us as fragments It is this corpus of fragmentary quotations along with his extant plays that makes Euripides such an interesting case study in the world of quotation culture This book is the first of its kind to understand Euripides work through this lens as well as opening up quotation culture as a major theme of interest within classical scholarship The Western Illinois State Teachers College Quarterly Western Illinois University,1926 **The Journal of the National Education Association** National Education Association of the United States,1926 A Manual for Teachers to Accompany the Modern Speller and Dictation Day by Day Kate Van Wagenen,1924 New York Teachers' Monographs ,1916 **The Training of Junior High School Teachers** Paul Hunchell,1929 *Journal of the National Education Association* ,1925 *New York Teachers' Monographs* Sidney Marsden Fuerst,1904 **The Ohio Educational Monthly and the National Teacher** ,1893 **Primary Education** ,1919 **The Illinois Teacher** ,1871 Vol 1 3 15 17 18 contain Proceedings of the 1st 15th 17th 18th annual meetings of the Illinois State Teachers Association 1854 71 Adult Learning and Social Change in the UK Jules Robbins,Alan Rogers,2023-02-09 Adult education offers the potential to enhance the individual s sense of agency to direct and improve their future this is especially important in times of significant societal unrest It may lead to social change and even social justice This book begins with a new consideration of historical perspectives of radical adult education in the UK and how these might inform planning for future adult education which is both relevant and emancipatory The volume aims to capture some of the messiness of adult education through analysis of a wide range of its many forms and a focus on the learners themselves the different kinds of providers and the wider community around them Individual chapters offer insights into an environmental community gardening scheme provision for refugees and asylum seekers the radical role of volunteers the

impact of discussion groups for older people and the National Community Service scheme for young adults The book considers the significance of the Sustainable Development Goals each of which includes targets linked with adult training awareness raising or education Considering the factors for effective adult education programmes for social change this volume questions the extent to which it can be argued that positive social change results from adult education Active learning group learning and education which is practical flexible and individualised may provide the best routes ahead The wide ranging case studies demonstrate the importance of recognising and valuing adult learners prior knowledge and the need for alternative approaches to assessment
