The Gay Man's Guide to Open and Monogamous Marriage Michael Dale Kimmel,2017-06-09 Legal gay marriage is still a relatively new phenomenon As gay men who are now able to get married we find ourselves in a bit of a quandary for many male couples sex is a lot more important for us than it is for heterosexuals Two married men often have a stronger desire for sex wanting more of it and with a wider variety of partners than married opposite sex couples How does this work within the structure of a monogamous marriage Is an open relationship a better structure for gay marriage Assuming that gay marriages will emulate heterosexual marriages is neither a valid nor a helpful assumption But as gay men where does that leave us There are currently no rule books for how a marriage between two men could or should work While there are lots of books about how to plan your gay wedding there are virtually none that address what to do after the honeymoon is over literally and figuratively This book fills that void It offers married gay couples and gay men considering marriage an easy to follow practical framework that they can use to help create adjust and structure their marriages Using helpful examples and first hand quotes throughout Openly gay psychotherapist Michael Dale Kimmel offers a roadmap for gay men who want to be married but have questions and concerns about monogamy and monotony *God's Marriage and Man's Divorce* David Boudreaux,2023-05-08 There are many books already out there that address the topic of marriage and divorce but this one is different in that it is basically a Bible commentary that expounds extensively and solely on the scriptures that deal with this topic You have heard many people say that wives or husbands or children do not come with instruction manuals well now they can This book takes a serious look at marriage having and raising children divorce abortion alcohol consumption drugs church attendance and salvation and so many other topics that are critical to the kind of marriage that God wants His people to have [Every Man's Marriage](#) Stephen Arterburn,2010-03-16 What every man wishes he knew about what his wife desires most Authors Stephen Arterburn and Fred Stoeker believe that every man can meet the secret desires of his wife The problem is most of us aren't exactly sure what that desire is and how we can go about fulfilling it faithfully In *Every Man's Marriage* you can discover the common misconceptions about what it means to exercise biblical authority and understand the role of submission in the marriage relationship This groundbreaking book can help men grasp

and apply essential but often overlooked principles for marital leadership Through candid reflections on their own struggles to achieve biblical unity in their own marriages along with many years of combined experience in marital counseling Arterburn and Stoeker apply solid time tested biblical wisdom to the everyday potential distortions that can lead to strife in a marriage The second book in the Every Man series this is the perfect follow up to the best selling Every Man s Battle Every Man s Marriage is a terrific resource for establishing mutual respect and sacrifice in your marriage based on Christ s example of loving His bride the church Includes a comprehensive workbook for individual or group study **An Essay Concerning the Unlawfulness of a Man's Marriage with His Sister by Affinity** Colin M'Iver,Colin MACIVER,1842
