Jacobus (de Voragine), 1878 In Search of Sacred Time Jacques Le Goff, 2014-02-23 How The Golden Legend shaped the medieval imagination It is impossible to understand the late Middle Ages without grasping the importance of The Golden Legend the most popular medieval collection of saints lives Assembled for clerical use in the thirteenth century by Genoese archbishop Jacobus de Voragine the book became the medieval equivalent of a best seller By 1500 there were more copies of it in circulation than there were of the Bible itself Priests drew on The Golden Legend for their sermons the faithful used it for devotion and piety and artists and writers mined it endlessly in their works In Search of Sacred Time is the first comprehensive history and interpretation of this crucial book Jacques Le Goff one of the world's most renowned medievalists

provides a lucid compelling and unparalleled account of why and how The Golden Legend exerted such a profound influence on medieval life In Search of Sacred Time explains how The Golden Legend an encyclopedic work that followed the course of the liturgical calendar and recounted the life of the saint for each feast day worked its way into the fabric of medieval life Le Goff describes how this ambitious book was carefully crafted to give sense and shape to the Christian year underscoring its meaning and drama through the stories of saints miracles and martyrdoms Ultimately Le Goff argues The Golden Legend influenced how medieval Christians perceived the passage of time Christianizing time itself and reconciling human and divine temporality Authoritative eloquent and original In Search of Sacred Time is a major reinterpretation of a book that is central to comprehending the medieval imagination
