*Secret Sharers* Jennifer Spitzer, 2023-02-21 Secret Sharers traces a genealogy of secret sharing between literary modernism and psychoanalysis focusing on the productive entanglements and intense competitive rivalries that helped shape Anglo American modernism as a field As Jennifer Spitzer reveals such rivalries played out in explicit criticism inventive misreadings and revisions of Freudian forms from D H Lawrence s re descriptions of the unconscious to Vladimir Nabokov s parodies of the psychoanalytic case study While some modernists engaged directly with Freud and Freudian psychoanalysis with unmistakable rivalry and critique others wrestled in more complex ways with Freud s legacy The key protagonists of this study D H Lawrence Virginia Woolf W H Auden and Vladimir Nabokov are noteworthy for the way they engaged with popularized and revised the terms of Freudian psychoanalysis while also struggling with it as an encroaching discourse Modernists read psychoanalysis misread psychoanalysis and sometimes refused to read it altogether while expressing anxiety about being read by psychoanalysis subjecting themselves and their art to psychoanalytic interpretations As analysts such as Freud Ernest Jones and Alfred Kuttner turned to literature and art to illustrate psychoanalytic theories modernists sought to counter such reductive narratives by envisioning competing formulations of the relationship between literature and psychic life Modernists often expressed ambivalence about the probing symptomatic style of psychoanalytic interpretation and

responded with a re doubling of arguments for aesthetic autonomy formal self consciousness and amateurism Secret Sharers reveals how modernists transformed the hermeneutic and diagnostic priorities of psychoanalysis into novel aesthetic strategies and distinctive modes of epistemological and critical engagement In reassessing the historical and intellectual legacies of modernism this book suggests that modernist responses to psychoanalytic criticism anticipate more recent critical debates about the value of symptomatic reading and the hermeneutics of suspicion

**Secrecy and Disclosure in Victorian Fiction** Leila Silvana May,2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another

showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian
