The African Question Collection Linda Schwartz,1994 **Multicultural Education Resource Guide** Cheryl Gorder,1995 Resources for parents and teachers for use in multicultural education *Multicultural Questions* Christian Joppke,Steven Lukes,1999-10-07 This volume assembles leading scholars from a range of disciplines to debate multiculturalism in theory and practice The volume is grouped around four central questions raised by multiculturalism Is universalism ethnocentric Does multiculturalism threaten citizenship Do minorities require group rights and what can Europe learn from North America The book aims to answer these questions by moving the debate about multicultural questions into a more consensual mode The authors show a resistance to either endorsing or rejecting multiculturalism but a preference for dissecting and differentiating the concrete historical and geographical contexts in which specified versions of multiculturalism make sense and others in which they do not Collected Works of Braj B. history and development of preaching through a biographical and theological examination of its most important preachers. Instead of teaching the history of preaching from the perspective of movements and eras, each contributor tells the story of a particular preacher in history, allowing these preachers from the past to come alive and instruct us through their lives, theologies, and methods of preaching. Each chapter introduces readers to a key figure in the history of preaching, followed by an analysis of the theological views that shaped their preaching, their methodology of sermon preparation and delivery, and an appraisal of the significant contributions they have made to the history of preaching. This diverse collection of familiar and lesser-known individuals provides a detailed and fascinating look at what it has meant to communicate the gospel over the past two thousand years. By looking at how the gospel has been communicated over time and across different cultures, pastors, scholars, and homiletics students can enrich their own understanding and practice of preaching for application today.

Volume One covers the period from the apostles to the Puritans and profiles thirty preachers, including Origen of Alexandria by Stephen O. Presley, John Chrysostom by Paul A. Hartog, Augustine of Hippo by Edward L. Smither, Gregory the Great by W. Brian Shelton, Bernard of Clairvaux by Elizabeth Hoare, Francis of Assisi by Timothy D. Holder, Saint Bonaventure by G. R. The African Book Publishing Record, 1998 *Museums, Equality and Social Justice* Richard Sandell, Eithne Nightingale, 2013-05-20 The last two decades have seen concerns for equality diversity social justice and human rights move from the margins of museum thinking and practice to the core The arguments both moral and pragmatic for engaging diverse audiences creating the conditions for more equitable access to museum resources and opening up opportunities for participation now enjoy considerable consensus in many parts of the world A growing number of institutions are concerned to construct new narratives that represent a plurality of lived experiences histories and identities which aim to nurture support for more progressive ethically informed ways of seeing and to actively inform contemporary public debates on often contested rights related issues At the same time it would be misleading to suggest an even and uncontested transition from the museum as an organisation that has been widely understood to marginalise exclude and oppress to one which is wholly inclusive Moreover there are signs that momentum towards making museums more inclusive and equitable is slowing down or in some contexts reversing *Museums Equality and Social Justice* aims to reflect on and crucially to inform debates in museum research policy and practice at this critical time It brings together new research from academics and practitioners and insights from artists activists and commentators to explore the ways in which museums galleries and heritage organisations are engaging with the fast changing equalities terrain and the shifting politics of identity at global national and local levels and to investigate their potential to contribute to more equitable fair and just societies
