Countries Carlos Nunes Silva,2016-03-09 Urban planning on the five Lusophone African countries Angola Cape Verde Guinea Bissau Mozambique and Sao Tome and Pr ncipe has so far been relatively overlooked in planning literature Bringing together a team of leading scholars this book fills the gap by providing an in depth analysis of key issues in the history of urban planning and discussing the key challenges confronting contemporary urban planning in these countries The book argues that urban planning is a non neutral and non value free kind of public action and therefore ideology planning theories urban models and the ideological role urban planning has played are some of the key issues addressed For that reason the practice of Urban Planning is also seen as the outcome of a complex interrelationship between structure and agency with the role of key planers being examined in some of the chapters The findings and insights presented by the contributing authors confirm previous research on urban planning in the colonial and postcolonial periods in Lusophone African countries and at the same time break fresh ground and offer additional insights as new evidence has been collected from archives and in fieldwork carried out by a new generation of researchers In addition it outlines possible directions for future research

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
