[With a New Prefatory Essay by the Author Joyce Cary,1951 **The African Witch. With Particular Reference to Witchcraft Beliefs and Practice Among the Shona of Rhodesia ... Illustrations by V.N. Barlow** Michael Gelfand,1967 The African Witch Joyce Cary,1956 **Encounters with Witchcraft** Norman N. Miller,2012-04-26 Encounters with Witchcraft is a personal story of a young man s fascination with African witchcraft discovered first in a trek across East Africa and the Congo The story unfolds over four decades during the author s long residence in and many trips to Kenya Tanzania and Uganda As a field researcher he learns from villagers what it is like to live with witches and how witches are seen through African eyes His teachers are healers cult leaders witch hunters and self proclaimed witches as well as policemen politicians and judges A key figure is Mohammadi Lupanda a frail village woman whose only child has died years before In her dreams however she believes the little girl is not dead but only lost in the fields Mohammadi is discovered wandering at night wailing and calling out for the child Her neighbors are terror stricken and she is quickly brought to a village trial and banished as a witch The author is able to watch and listen to the proceedings and later investigate the deeper story He discovers mysteries about Mohammadi that are only solved when he returns to the village three decades later Today witch hunting and witchcraft related crimes are found in more than seventy developing countries Epidemics of violence against alleged witches mainly women but including elders of both genders and even children is on the increase in some parts of the world Witchcraft beliefs may lie behind vigilante murders political assassinations revenge killings and commercial murders for human body parts Through African voices the author addresses key questions Do witchcraft powers exist Why does witchcraft persist What are its historic roots Why is witchcraft based violence so often found within families Does witchcraft serve as a hidden legal and political system a mafia like under government The author holds up a mirror for us to think about religious beliefs in our own experience that rely heavily on myth and superstition *The African Witch* Michael Gelfand,1967 **The Novels** Joyce Cary,1978 Don't Cry! My Baby, Don't Cry! Gabriel Bannerman-Richter,Ama Ninsin,1984 White Woman Witch Doctor Taffy Gould McCallum,1992 **African Witchcraft and Global Asylum-Seeking** Katherine Luongo,2023-04-17 This book analyzes how over the last two decades immigration regimes in three primary refugee receiving states in the Global North Canada Australia and the United Kingdom have engaged with allegations about witchcraft driven violence made by asylum seekers coming from Anglophone countries across the African continent The work intervenes at the nexus of anthropological historical legal developmental and human rights literatures to offer fresh insights into extrajudicial violence and global migration Taking witchcraft based asylum cases as its focal point it argues that the recent dramatic expansion in claims to refugee protection under the particular social group category of the 1951 UN Refugee

Convention reflects immigration authorities increasing willingness to consider how legally recognizable persecution can derive from cultural practices and beliefs Reflecting critically on such cases it advances understandings of how witchcraft beliefs and practices have persisted as significant engines of violence in the contemporary world It sheds light both on the limits of legal pluralism and cultural relativism in asylum adjudication and on how social scientific expertise contributes not simply to the flow of ideas but also to the channelling of people across national cultural and epistemological boundaries The book will be essential reading for students and researchers in legal anthropology African studies human rights transnational history migration and refugee law and policy and the history and anthropology of witchcraft

The African Witch Joyce Cary,1936 *Witchcraft in Modern African Societies* Stephan Schuster,2012-03-02 Seminar paper from the year 2004 in the subject History Africa grade 1 University of Hannover language English abstract Eine Auseinandersetzung mit dem Problem der Hexerei in modernen Afrikanischen Gesellschaften auch in Bezug auf die Immunschwache AIDS

Perspectives on African Witchcraft Mariano Pavanello,2016-12-08 This volume draws on a range of ethnographic and historical material to provide insight into witchcraft in sub Saharan Africa The chapters explore a variety of cultural contexts with contributions focusing on Cameroon Central African Republic Ghana Mali Ethiopia and Eritrean diaspora The book considers the concept of witchcraft itself the interrelations with religion and medicine and the theoretical frameworks employed to explain the nature of modern African witchcraft representations

Witchcraft in Post-colonial Africa Khaukanani Mavhungu,2012-12-28 This is a comparative ethnographic study of witchcraft and associated violence between the kingdoms of Kom and Venda in Cameroon and South Africa respectively The book shows why despite its prevalence in both societies witchcraft does not lead to open violence in Kom while such large scale violence is commonplace in Venda It reveals that this difference can be explained by factors such as the variations in local ideas on witches differences in the role of traditional authorities and various state interventions on witchcraft matters The book demonstrates through a rich collection of detailed cases that contrary to anthropological theory that views witchcraft as a mechanism for the expression and resolution of social tensions and conflicts witchcraft may at times become a disturbance of amicable social relations Witchcraft accusations may occur in a context where strained social relations have not preceded them The knowledge and experience that people have about witchcraft is sufficient to trigger an accusation and a violent reaction Different forms of witchcraft account for variations in witchcraft attributions and accusations This comparison provides a valuable contribution to ongoing witchcraft policy discourse amid widespread citizen anxiety over witchcraft and the increasing call on the post colonial state to intervene and protect its citizens against occult aggression

Journal of the African Society African Society,1905 *Witchcraft and Sorcery in East Africa* John Middleton,E. H. Winter,2013-11-05 Containing ten essays by anthropologists on the beliefs and practices associated with witches and sorcerers in Eastern Africa the chapters in this book are all based on field research and new information which is studied within its wider social context First published in 1963

Why Witches Are Still Flying

in Africa? Mfundo Badela,2015-08-25 The main point is to highlight witchcraft belief murders as the silent crime against humanity and it is part and parcel of African traditional religion and the Abrahamic religions As long as the abovementioned myths still survive so will be the witchcraft myth because it obtains its legitimacy from the abovementioned Today the world is held at ransom by unproven and false ancient ideas Humanity has forsaken reason and science for the frivolous claims of the so called holy text and African ancestral spirits As a consequence innocent beings are being slaughtered by witch hunters and the so called terrorists and still we are defending the indefensible and deny the obvious The media in South Africa have joined this diabolic movement by advertising witchcraft antidote and miracles in problem solving The state is unable to solve this because they negate the root cause which is religion All beliefs should be put to the museum of history After all they are all nonexistent magic
