

America's \$20 Trillion Economy

BY STATE

How does the U.S.' \$20 trillion GDP break down across the country? This chart showcases each state's real GDP for 2022.

Real GDP is measured in chained 2012 dollars.

Per Capita Personal Income (2022, USD)

D.C. has the highest personal income per capita at \$97K.

The New York City metropolitan area, including Newark and Jersey City, makes up \$2 trillion in economic output, accounting for large shares of both New York state and New Jersey's GDPs.

If California was a country it would rank among the top 10 biggest GDPs worldwide.

Texas' economy is comparable to the size of large countries such as Russia or South Korea.

The Political Economy of Racism Michelle Holder, Jeannette Wicks-Lim, 2026-01-26 Why does racial inequality in America persist In this important textbook Michelle Holder and Jeannette Wicks Lim answer this question by introducing readers to the innovative field of stratification economics Stratification economics offers an antidote to conventional economics hyper focus on individuals and disregard for how politics shapes the economy It spotlights how groups such as racial groups compete to gain favorable positions in society through political and economic domination The book fuses stratification economics with intersectional theory to illuminate how gender and ethnicity intertwine with racial oppression Holder and Wicks Lim argue that anti Black racism developed and persists because it protects the interests of a politically dominant social group White Americans This argument is demonstrated across multiple arenas education employment wealth and the criminal legal system Policy intervention through government action spurred by social movements is necessary for achieving racial equity

American Political Economy in Global Perspective Harold L. Wilensky, 2012-02-29 This book is a guide to claims about the proper role of government and markets in a global economy Moving between systematic comparison of nineteen rich democracies and debate about what the United States can do to restore a more civilized egalitarian and fair society Harold L Wilensky tells us how six of these countries got on a low road to economic progress and which components of their labor crunch strategy are uniquely American He provides an overview of the impact of major dimensions of globalization only one of which the interaction of the internationalization of finance and the rapid increase in the autonomy of central banks undermines either national sovereignty or job security labor standards and the welfare state Although Wilensky views American policy and politics through the lens of globalization he concludes that the nation state remains the center of personal identity social solidarity and political action
