House chats with the president and prime time TV specials Blue Collar Intellectuals tells the fascinating story of The scandalous teacher student romance that spawned a half century labor of love in writing the history of the world The Ivy League Ph D who held neither a high school nor college degree and fittingly launched a renaissance in reading the great books outside of formal schools The scholarship student who experienced the free market firsthand waiting tables and peddling socks and who became one of capitalism s most influential exponents The impoverished outcast who became the poet of the pulps elevating millions of readers along with heretofore marginal genres Guiding us through a world now vanished Flynn causes us to look anew at our own digital age and its nostrums Video gaming is just a new form of literacy Reality shows Challenge our emotional intelligence and Who cares if Johnny can t read The value of books is overstated Blue Collar Intellectuals shows us how much everyone intellectual and everyman alike has suffered from mass culture s crowding out of higher things and the elite s failure to engage the masses

Ray Bradbury's The Martian Chronicles Ray Bradbury,2011-07-19 Rendered in gorgeous full color art by Dennis Calero Ray Bradbury s The Martian Chronicles The Authorized Adaptation graphically translates fourteen of Bradbury s famous interconnected science fiction stories turning an unforgettable vision of man and Mars into an unforgettable work of art The Earthmen came by the handful then the hundreds then the millions They swept aside the majestic dying Martian civilization to build their homes shopping malls and cities Mars began as a place of boundless hopes and dreams a planet to replace an Earth sinking into waste and war It became a canvas for mankind s follies and darkest desires Ultimately the Earthmen who came to conquer the red gold planet awoke to discover themselves conquered by Mars Lulled by its ancient enchantments the Earthmen learned at terrible cost to overcome their own humanity

Drawn from the Classics Stephen E. Tabachnick, Esther Bendit Saltzman,2015-05-13 The graphic novel is the most exciting literary format to emerge in the past thirty years Among its more inspired uses has been the superlative adaptation of literary classics Unlike the comic book abridgments aimed at young readers of an earlier era today s graphic novel adaptations are created for an adult audience and capture the subtleties of sophisticated written works This first ever collection of essays focusing on graphic novel adaptations of various literary classics demonstrates how graphic narrative offers new ways of understanding the classics including the works of Homer Poe Flaubert Conrad and Kafka among many others
