The Bradley Method Student Workbook Marjie Hathaway, James Hathaway, Jay Hathaway, 2020-01-31 The Bradley Method R Student Workbook requires a 12 week course to get the information needed to fill in this workbook **The Bradley Method** Marjie Hathaway, American Academy of Husband-Coached Childbirth, 1989 **The Bradley Method** Marjie Hathaway, 2002 *Motherhood Lost* Linda L. Layne, 2014-02-04 Nearly 20% of all pregnancies in the U S end in miscarriage or stillbirth Yet pregnancy loss is seldom acknowledged and rarely discussed Opening the topic to a thoughtful and informed discussion Linda Layne takes a historical look at pregnancy loss in America reproductive technologies and the cultural responses surrounding miscarriage Examining both support groups and the rituals they create to help couples through loss her analysis offers valuable insight on how material culture contributes to conceptions of personhood A fascinating examination *Motherhood Lost* is also a provocative challenge to feminists and other activists to increase awareness and provide necessary support for this often hidden but critically important topic **Transformative Motherhood** Linda Layne, 1999-08 Our consumer culture sets exacting standards and norms for what constitutes an ideal child The tough realities of life often create children and child bearing and rearing circumstances that are outside the ideal How do women whose experiences don t match the norm cope and adapt How do they make sense of it to themselves and to the world In a rich series of ethnographic case studies *Transformative Motherhood* intimately conveys the experiences of women in the United States who in each case have reproductive encounters that do not match up to these cultural standards From women who choose to become surrogate foster or adoptive mothers to others who give birth to children with disabilities or who have had a pregnancy loss all creatively meet the challenges posed by their particular mothering experiences It is often the language of giving and getting so prominent in a consumer culture that these women use to make sense of their situation In the process *Transformative Motherhood* redefines conventional understandings of motherhood the mother child relationship and the role of biology and the law in determining what constitutes a family The contributors include Rayna Rapp Helena Ragone Judith A Modell Danielle Wozniak Gail Landsman and Linda L Layne This text opens up multiple possibilities for reading contemporary women as responsive speaking subjects involved in reconstructing and transferring meanings without consolidating or totalizing their outcomes *Resources for Feminist Research* Winter Spring 2001 Vol 28 No 3 4 *Mother Knows Best* Jessica Ann Nathanson, Laura Camile Tuley, 2008 This collection presents a sustained critique of the leading mothering advice literature of the past decade or so addressing issues related to pregnancy and childbirth breastfeeding theories and models of parenting including attachment parenting natural mothering and feminist parenting and the construct of the good mother *Encyclopedia of Childbearing* Carol Mann, Barbara Katz Rothman, 1992-11-17 Childbearing is more than pregnancy and labor It is the having and not having of children It is a

profound event in the lives of families and in the lives and bodies of women The feminist movement and the development of feminist studies have helped to rehumanize the subject of childbearing by removing it from the remote environment of institutionalized medicine The multi disciplinary Encyclopedia of Childbearing is a major contribution to this new accessibility
