

The Canoe Camper's Handbook

Ray Beurse

Canoeing can be sheer delight—an escape from the mass-made world, an exhilarating blend of the silent and sounds of nature with the rhythmic exertions of a passage earned by your own body rather than by the combination of gasoline, a form of travel in which nearly all the fun is the activity rather than the goal.

The canoeing can be sheer hell—a nightmare of misadventure, forgotten, or lost equipment, back-breaking portages, inclement weather and rough waters, and unforeseen hazards from mosquitoes to waterfalls. Won't let it be that way for you?

The *Canoe Camper's Handbook* answers all your questions: canoe types, sizes, and materials; how to paddle and portage; how to handle a canoe in every type of water; how to care for the several types of canoes and repair them; how to select and use basic canoe camping gear, from clothing, tents, and sleeping bags to food, kitchen equipment, and first-aid kits; how to navigate with compass and map, and where to get the maps you'll need; how to assemble and pack your gear so that you will neither run out of necessary items nor suffer when you reach portage; where the best canoeing areas are, and what rivers and lakes are appropriate for your level of experience.

This authoritative, practical book is a must for everyone interested in canoe camping. It is written by an author whose name has earned all the success from his own extensive experience, and his love for canoeing illuminates every page.
