Rcaf War Prize Flights, German and Japanese Warbird Survivors Harold A. Skaarup,2006-05-23 This handbook concerns the collection of Air Technical Intelligence and the test flying of war prizes carried out by two RCAF bomber pilots who were posted to the Royal Aircraft Establishment s Foreign Aircraft Flight Farnborough in the United Kingdom in May 1945 Their primary task was to visit former Luftwaffe airfields and to find and fly back any aircraft they deemed worthy of evaluation The list of aircraft found here does not include every German combat aircraft of the Second World War as it focuses on those warbirds captured and flown by members of the RCAF or sent to Canada as war prizes Very few of these rare aircraft exist today and therefore information on known locations where German Japanese and Italian warbird survivors

may be found is included As a member of the Canadian Aviation Preservation Association and the Canadian Aviation Artists Association the author strongly supports the preservation of Canada s aviation heritage The primary intent of this handbook is to provide information for aviation artists and enthusiasts looking for that unusual never before painted military aviation subject and to support the efforts of those engaged in the search for those missing warbirds for which no examples currently exist

Manfred Griehl, Joachim Dressel, 1998 The story of the evolution of Heinkel's heavyweight bomber described in this volume is one of genius, disaster and despair. The He 177 was conceived as a long range heavy dive bomber, a big brother to the Stuka, and it was hoped to become one of the pillars of the Luftwaffe's armament. It incorporated many novel ideas such as two engines powering one propeller, but was plagued with teething problems and unreliability that caused the deaths of many test pilots and led to a small production run. *Subject Catalog* Library of Congress, **Subject Catalog, 1978** Library of Congress, 1978 **Selection of Recent Books Published in Great Britain 1940-Apr. 1941**, 1978 British Books in Print, 1980 **The Aeronautical Journal**, 1978
